This textbook is what was required by my Professor and is serving its purpose for class. The Professor knows best. Thank you for such a great price of this book.

EXCELLENT WORK.

Needed this for a class. Very educational book. Enjoyed the different perspectives.

Great book.

It's in decent condition, but not perfect.

This book is a good read and was in good shape when received. I have gained a better understanding of the religions of the world.

Book arrived in time and in good conditions. However, I have found many errors in the text. For example, the author defined Christian Millennialism as the belief that Jesus would return 1000 years after his death, while the true definition is that it is a Christian belief that Jesus would return to rule FOR one thousand years after his death. I cannot speak to errors outside of the Christian faith, as I am not informed to do so, but there seem to be many small misunderstandings on the behalf of the author regarding Christianity.

The book over all is in adequate shape. I did however not expect water damage to the whole entire book. I don't remember in the description of the book when I bought it to have any type of damage to that extent. Over all though I will be able to use it for my class.
