Customer Reviews

A well-established and respected series with titles in the original Middle English.

This seemingly inexhaustible private story, only a few lines shorter than the introductory prologue to the whole collection of tales, serves two important purposes. Most obviously, it gives the dimensions of living actuality to a character seen previously only as a striking figure in a group photograph.

--This text refers to an out of print or unavailable edition of this title.

There is no poet in any language of more extravagant wit and wisdom than old Geoffrey Chaucer, and no more universal, but for the challenge of the language. Like Homer in Greek, Dante in Italian, Chaucer set the bar too high for anyone ever to exceed him. And how fundamentally English he was, as if all the "personality" of our literature flowed from the same cultural spring! My generation may have been almost the last to memorize the Prologue to the Canterbury Tales and to learn the few easy rules of pronunciation and syntax we needed to enjoy Chaucer. Helas! The times, they are a-changing. Still, a few years ago I had an irrational lust to revive my ability to read Middle English, just for fun. I discovered that there were audio-books of many of the Canterbury Tales, including the

Wife of Bath's salacious masterpiece. Of all Chaucer's dramatis personae, the Wife of Bath is surely the most humanly convincing, the randy old dame! "Why, I'm probably just the right age to be husband number six," thought I. So I ordered this CD. By the time the CD reached me, I'd forgotten my urge to make use of it. In fact, I forgot I had it until yesterday, when it somehow popped out of the shelf at me. Elizabeth Salter and her unnamed male foil speak the poetry of Chaucer with enough 'naturalness' to persuade me, particularly since recording technology was still rather crude in the 1300s. With the ability to pause the disk by remote, I find that I can follow the most familiar parts of the Wife's narrative comfortably. For most of the tale, however, I have to keep my eyes on the text. I wouldn't mind if Salter had delivered her words just a trifle slower, but then perhaps the rollicking cadences wouldn't have frolicked so mirthfully. There are lots of editions of the Canterbury Tales available with old and new English on facing pages, making the effort much easier. This is probably not everyone's idea of fun, what with movies of Beowulf starring naked babes as Grendel's Mother and such. But Chaucer is too good to be lost. If YOU the parents of America no longer have the willpower to compel your teenagers to labor through the Canterbury Tales, then it's YOUR obligation to do so yourselves!

Disappointed

I've seen other versions of this book with much better sidenotes about the text. I wasn't a huge fan of the layout of this book.

Book was for a school assignment Chaucer was a good writer This was a good read especially if you like reading about Daniels and knights

Chaucer has given me a greater insight into life in the 14th century. We see the hypocrisy of the "genteel" people of the time. He has also transcended the boundaries of time for we can still see evidence of this hypocrisy in today's society. The Wife is a strong female character and the reader can not be certain if she is feminist or anti-feminist nor can they be certain if Chaucer is laughing at her or with her. This was a very crafty device by Chaucer's and he must be commended for it. This device is shown in how long Chaucer allows the Wife to speak about herself, it is the longest prologue in the book except of course for the General Prologue. The Wife's views and issues can also be seen in her choice of tale but her voice seems somewhat more subdued here and we can distinctly see Chaucer's own views and ideas coming out in the tale. The very poetic style in which it

is written also entices the reader to read on. Altogether quite an insightful piece of literature.

This is a wonderful book that gives the reader a feel for all social levels during the medieval times. I especially enjoyed The Wife of Bath's Tale. I recommend this book to anyone. It is interesting while being entertaining at the same time.

It was so lovely
