Highly recommended. Deserves 5 stars. Nice book for kids that is not only entertaining but also a good learning experience. Narration is very gripping which makes it even more fun to read it.

For kids who play the Zelda videogame this book is an absolute must read and even for those who don't play it's an interesting and creative story. My son read the book first and now he wants to buy the videogame! Great read.

This is a very good book for children who play the video game, Zelda. My 10-year-old son is mad about the character Zelda and this book is a good way to keep him engaged. The book is also filled with a vivid description of Zelda $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{a},ϕ s adventures which appeals a lot to children.

The Legend Of Zelda: Diary Of A Wimpy Link 2: An Unofficial The Legend Of Zelda Bookl'm fascinated by the realm of Zelda, the character of Link and the adventurous events are overwhelming. This is a solid artwork for all the Zelda fan's. Read the previous part of the series and instantly became a fan of the Zelda series. I highly recommend it for people of all age goups.

A great book about Link and what goes inside his head. Set in the fascinating realm of Zelda, the twists and turns in the tale are sure to keep your child occupied for a long time to come.

Great job on the epic book man. I really like it. It's funny, has morale and you can learn from it. Mind you, there are many more wonderful traits in this book too. I cant wait for the next book! I'm 12 by the way, so don't judge me on spelling and grammar and stuff.

I will recommend this one so nice to have
