Customer Reviews

Trouble in Bear Country The Bear Scout Oath The Too-Tall Gang Smoke cigarettes!!

I absolutely adore the Berenstine Bears. Bought this as sort of a blast from the past.

This book is extremely out-of-date and cheesy in its depiction of Bad Guys Who Smoke. The only reason I read it to my son was because it was assigned by the school (who'd gotten free copies from the state. I can see why they were free). I would urge people NOT to bother buying this book. Of course kids shouldn't smoke, but I think this book will backfire with its corny lingo that was fit for another era. Smoking stinks, but let's find a more up-to-date way to tell our kids.

Book Title: The Berenstine Bears
In this book the Berenstine Bears are trying to stop Smokey the Moose from selling tobacco to children. Four children and their papa bear went out to stop the moose. On their way they found two kids, Joe and Sammy, smoking the Mooses' tobacco that he sold to them. The children had a meeting with Smokey to try to get him to stop selling tobacco to small kids and adults, but the meeting didn't work. Finally the children and the papa decided to get the police involved. I think this book was very good. It tells children that they should not smoke. Sometimes things look cool because the person selling them looks cool, but it can kill you. I think

the children were smart to go after someone who is bad on the inside that was selling things that could hurt them. You should buy this book for your children because it teaches them how harmful smoking can be.

It teaches kids about smoking and peer pressure. It has a pretty good moral except it has brother bear (eight or nine) smoking which is pretty well.. extremely unrealistic. Except for that it is pretty good, except the action is only in the last 1 or 2 chapters.
