How To Study Your Bible For Kids (Discover 4 Yourself Inductive Bible Studies For Kids (Paperback))

Synopsis

Based on Kay Arthur's bestselling *How to Study Your Bible* (390,000 copies sold), this easy-to-use Bible study combines a serious commitment to God's Word with fun illustrations, games, puzzles, and activities that reinforce biblical truth. *How to Study Your Bible for Kids* introduces the basics of inductive Bible study—observation, interpretation, and application—to children ages 9 to 12. As they learn about the people in the Bible, the way things were done in biblical times, the amazing miracles performed, and numerous terrific adventures found in the Bible, young people will discover that God's Word speaks to them right where they're at. They'll come away from this study with a deeper understanding of God's love and care for them.

Customer Reviews

The Best Inductive Studies for Kids Bible study is serious fun! The Discover 4 Yourself Inductive Bible Studies for Kids help you find out for yourself what the Bible is all about—and give you exciting ways to do it! These hands-on books help teach the basic skills of Bible study for a lifetime of discovering God's Word. Pssst! Wanna Solve a Mystery?! Climb up to the tree house of the M and M Detective Agency and let Max, Molly, and Sam the Beagle put you through a special

six-week "inductive detective" training course. The agency has a big mystery to solve; the mystery of discovering for yourself what God's Word says. Wow! Sounds like an adventure! As part of the team, you'll sharpen your skills so that you can know what the Bible says, understand what it means, and apply it to your life all on your own. Isn't that awesome? So put on your detective hat, grab your magnifying glass, and get set to decode secret messages, solve puzzles to get clues, follow a suspect's trail, and even talk to eyewitnesses!

Kay Arthur is a four-time Gold Medallion award-winning author, member of NRB Hall of Fame, and beloved international Bible teacher. She and her husband, Jack, cofounded Precept Ministries International to teach people how to discover truth through inductive study. Precept provides teaching and training through study books, TV and radio programs, the Internet, and conferences in over 180 countries and 70 languages. Janna Arndt, coauthor of the Discover 4 Yourself® series, is a Precept trainer who conducts workshops to help people use the interactive Discover 4 Yourself® Bible Studies in Sunday schools, homeschool environments, and Christian schools. Janna's heart is for children to know and love God's Word.

I was looking for a Bible study to do with my children and this one was perfect! Kay Arthur teaching kids how to inductively study the Bible, which means you use scripture to interpret scripture. They learn how to observe the text, interpret it, and how to apply it to their lives. By far the best way to study the Word. There are 5 lessons in this workbook with 5 days for each lesson. Children memorize one scripture per lesson. The Teacher Guide has the answers to the questions, but you could certainly do the study without it. If your looking for a Biblically sound study this one is perfect!

I love it. My 9 year old, not so much. I'm not sure "For Kids" is accurate. It is pretty in depth. My 12 year old is doing one in this series on Daniel and it seems better suited for him.

I teach Sunday school and my kids love the lessons in this book. They told me that the lessons really helped them to understand the Bible. The lesson times are perfect. This week we are making invisible ink to find the Bible verse. My students love these exciting lessons. I love this book, its easy lessons to teach and it bring myself and my students closer to the LORD!

This book has great content. My group of thirteen 5th graders is enjoying the book a great deal. However, the teacher needs to be smart about how to take concepts that are WAY above the heads

of this age group and make them understandable. I wasn't too impressed with the books explanations. Using only the book I still got blank stares back from my group. An example of this would be the importance of historical, geographical, and cultural context. The book gave abstract examples that were not helpful to the kids. It took some time and some more age relevant examples for the kids to get those concepts. With that said, I still think this book is worthy of consideration.

The technique is the same that is taught to adults in bible study. I wish I would have had this when I was learning the study technique myself.

My daughter loves these books as we use them as part of our homeschooling material.

Exactly as expected

I liked this book because it is simply written so that anyone can follow the directions easily and I must say adults too; I being one of them.
