# Ancient Book Of Enoch

## Synopsis

The Holy Spirit inspired Jude to quote Enoch for a reason. The Ancient Book of Enoch opens by addressing those in the Tribulation period. It contains numerous prophecies about the flood and fire judgments, and the two comings of the Messiah. It teaches that the Messiah is the Son of God and that He will shed His blood to redeem us and even predicts the generation that this would occur! The book of Enoch prophesies a window of time in which the Second Coming would occur and prophesies that there will be twenty-three Israeli Prime Ministers ruling in fifty-eight terms from AD 1948 to the beginning of the Tribulation period, and much more. Even though it prophesies that the Bible would be created and says we will be judged by our obedience to the Bible, it also makes it clear that this book is not to be added to the Canon of Scripture. The Ancient Book of Enoch recounts the history of the angels that fell in the days of Jared, Enoch's father. It testifies to their marriages with human women and their genetic experiments. This commentary includes a previously unknown chapter from the Dead Sea Scrolls that actually explains how they did their genetic tampering. The commentary is from a fundamentalist Christian view, brought to you by Biblefacts Ministries, biblefacts.org.

## Customer Reviews

I HAVE READ TWO BOOKS ON ENOCH, BUT THIS ONE IS THE BEST. I RECOMMEND IT BECAUSE THE AUTHOR GIVES FOOTNOTES TO EXPLAIN THINGS AND REFERENCES TO THE BIBLE AND OTHER RESOURCES. IT EXPLAINS THE PARABLES IN TERMS OF WHAT ENOCH WAS PROPHECYING ABOUT. THIS BOOK AS WRITTEN BY ENOCH FOR THOSE OF US WHO ARE ALIVE TODAY. IT PROPHECIES ABOUT THE TIMES AFTER THE FLOOD THROUGH THE 2ND COMING OF JESUS. YOU WILL RECOGNIZE MANY PASSAGES THAT SOUND JUST LIKE THE ONES WE READ IN THE BIBLE. IT IS SO BEAUTIFUL THE THINGS THAT ENOCH SAW AND WAS TAUGHT BY GOD AND THE ANGELS. CONCERNING THE CREATIONS SUCH AS THE WIND, THE SUN AND THE MOON.. HIS PROPHECIES BEEN ACCURATE TOO. KEN JOHNSON'S BOOK IS THE BEST!!!

I have three versions of this book and this is the one I would recommend. The author has a convenient chart of corresponding text linking this book to the bible. He has also shown the various sections of this book. Each page shows you where you are; chapter, section, footnotes. He also inserted words in parenthesis to translate the terms like bull, cow, raven into practical terms for the reader. Not all have the additional parenthetical explanation. There is a section where the author has a spreadsheet for us to fill in as we see them happen but I think it is off. I think he doesn't have the understanding correct. I tried to find another meaning for the text but each of my attempts failed on some aspect so I don't have a better suggestion. :)

This is a must read for anyone interested in Biblical prophecy. It almost seems like the timing for the understanding of this book coincides with what is described in Daniel 12 as "knowledge" that is "increased" in the "time of the end". Although this book is not canon it is a great historical reference that should be learned.

I thought that the book was an interesting read. I kept in mind that this is non-Biblical or non-Canonical book. I also kept in mind that the authenticity of the source material cannot be verified, nor that if it were originally authentic that it has not been altered over the years - meaning there was-is no original copy. I am also left wondering if this is actually the Enoch of pre-flood history. If so, and he gave his writings to Noah to take with him in the ark, then Noah passed them

down to his son Shem....then what? To whom were they passed, kept and preserved? The Bible is pretty much silent on that as far as I can determine. Bottom line: I had to read this book with some skepticism regarding its author and origin and ultimately its trustworthiness. That is my take on this book.

My sister recommended that I buy this. I do lots of studying in the bible, and was finding that the way the translators put together some of the books in the Old Covenant that it just didn't flow, plus seemed to be missing connecting stories, etc. I did want to find out more about Enoch, the giants, the fall of Lucifer and the angels who chose to follow him. Have read it once through and will use it for a reference later on. Hope to purchase other books by Ken Johnson Jasher, etc.

No it should not be in the Bible. Enoch made that clear; however, it is a great book that goes in depth in certain areas. It does not contradict what the Bible says, it just gives you more information. This book also has commentary and puts in italics parts of the Book of Enoch that is believed to be added by the Gnostics and not a part of the original Book of Enoch. Remember, Enoch was a man of God. He did not die, but was taken by God. It is believed that he will be one of the two witnesses that will come back during the Tribulation years.

Great read. Bought for my son and he finds it very interesting. Definitely recommend it for everyone who are looking for the books that are mention in the bible but not in the bible and who enjoy studying bible prophecy.

Some of my basic questions are answered in this most informative book. At first look, you may think it to be a very dry , fact only book...far from it! I found myself looking forward to the next page. Has some great information for people like me who enjoy the Bible but find too many unanswered questions.
