Recipes Of The Highlands And Islands Of Scotland: A Classic Scottish Cookbook (The Feill Cookery Book)

Synopsis

Originally published by the Highland Association as The Feill Cookery Book in 1907, Recipes of the Highlands and Islands of Scotland is a delightful collection of Gaelic recipes passed down through generations of Scottish families-most are even identified with the name of the original contributor. From soup to nuts, you'll be sure to find a new favorite recipe within the pages of this facsimile edition. All of the original vintage advertisements for old Scottish businesses are included.

I thought this would have more historic information, but there are several recipes I'm interested in trying. Written in an older style so if you have trouble deciphering measurements, winging it a little or do not have experience reading older cookbooks this might not be for you. This book would be a great gift for a history-loving foodie from the UK or someone just returning from a great trip to Scotland like me!

I love anything Scottish, and i also love history and antiques. This is a reprint of an old cookbook, and I absolutely love it. I don't know how many of the recipes I will actually make, but just reading this is so interesting. It is my favorite cookbook of all time!

Excellent

This is a Scottish recipe delight full of traditional dishes... haggis included! :) I highly recommend this book for anyone that wants to try their hand at traditional Scottish food at their next holiday dinner,

Sunday supper, or even potluck! :)

Husband bought this book for my collection. It is a great read.

Love that the recipes are kept in original format. Some interesting ingredients and recipes from a great country!!

I thought it was a cool book and I thought it was very interesting to read.

This cookbook is nice from a historical standpoint, but if you wanted to actually follow the recipes, I don't think it is good for that. It uses 'old lingo' and measurements that is hard to follow. The print and paper are cheaper than most paperbacks.
