Synopsis

And the amazing thing is, you can learn it in one day!"Secret New Alpha Male System Will Make Even The Most Astonishing Women Putty In Your Hands!"If you are even remotely interested in learning how to physically attract beautiful women (without lifting a finger) with complete confidence, become successful (do less while achieving more), then this will be the most important book you ever read. Here's Just Some of What You'll Learn:

- You'll learn the 16 values that will change the way you think, forever. (The one huge mistake all inexperienced guys make in their head that guarantees they will look like wimps... and how to "parlay" it into an advantage that will give YOU an instant 200% increase in your chances of winning-with-women!)
- You'll learn the truth about "trying hard"... and why "cute", "macho" and even "innocent" behavior lose consistently (by a mile) to this ONE super-simple style of approaching women for the first time!
- You'll learn the twelve most effective ways to seduce the woman of your dream! (PLUS -- the SINGLE most important thing you can do to win their love forever... and the worst "sin" you could ever commit -- an unforgivable act that will turn all women off!)
- You'll learn how to immediately increase the frequency and pleasure of your sex life with the ingenious "Real-Word Action Steps" used by the most successful men! (Especially critical for guys that haven't been on a date in a while.)
- You'll learn what women really want from men (but never come out and tell you)! More specifically, this explains what she wants from you (and what most women desperately crave from men) And there's much more. Much more. But I'm running out of room. PLUS -- and this is my favorite part of the book -- you'll learn the one exercise that completely removes all neediness towards women. (The ladies will become completely baffled and turned-on by you, when they see how you're not drooling on them like the "average guy"!). You'll learn:
- The only "cure" known that gives men and women no other choice but to respect you... the simplest way to gain control of a relationship that appears to be lost.
- The amazing "Giving Yourself Direction" technique that will turn your brain into a homing beacon to achieve anything you desire. (This "not-so-secret" technique is rarely used, giving you the upper-hand in life!)
- How to quickly "cancel out" these 2 things that are negatively controlling your life without you even realizing it! (Also, one simple exercise, it only takes 15 minute a day, in Appendix A will resolve all of your negative emotions!)
- How to break away from the pack and stand-out to any woman. (Only a handful of men ever figure this out on their own... and does your life ever change when you do!) And more. A lot more, in fact. For example, you'll get simple exercises to specifically strengthen what's weak in your life. This "little" book has been (correctly) called the single most important source of dating know-how for any man... especially if you are finally ready to experience a dramatic

and almost immediate change in your life! It doesn't matter if you are a young man, or past middle age, single or married... this is proven information that will you experience a new sexual prime you never dreamed possible. The changes you feel (when you put these secrets to use) will actually...Boost Your Physical Presence... Desire.. And Attractiveness As A Man!

Customer Reviews

When I review a book such as this one, I always start out by saying, I am not an editor. I comment on the content of the book, not the grammar, or punctuation. Although, sales might increase if there were not quite so many mistakes. And that speaks to professionalism. It makes it difficult for readers to take what you write seriously, if they keep finding obviously unedited text. Now, having gotten that out of the way; the information and tips in the book are right on target. I will not go into detail about them, as you the reader will have to find out for yourselves; What Is Inside The Mind Of An Alpha Male. But, remember a true Alpha Male does not have to show that they are one, people will already know it. And being a bully, is not the sign of being an AM.

Too many games about getting into a woman's pants instead of a lasting relationship, it got tiring

after a while. The lack of proofreading and editorial corrections distracted from the content.

A first grader could find spelling and grammatical errors on every page. I found several on each page. Pathetic and insulting

This book is outstanding, it gives you a good hard look at what a women does and how they try to break a mans conference. Learn how to stop the control issues before you are in to deep. This book is going to help you create your own destiny in your controlled environment not hers

The Grammer, spelling and fowl language made for a hard read. However, getting thru the low brow presentation allowed you to glean a few truisms.

It's good, but missing last part and appendix makes difference. Would be a five is star of everything was alright.

This book really has a lot of good advice in it. It definitely is geared toward getting the reader to start taking action and changing their life, which is a great contrast to all the theory you find in books on subjects like this. It has a great value to price ratio.

Really really good, I've learn a lot of Think and I'll try to apply them. Thank you very much for this book
