Your Neighborhood Gold Mine: How To Make Amazing Profits From Gold And Silver That You Buy For Pennies On The Dollar In Your Own Community

Synopsis

On the following pages, you will find the most useful and complete information yet written on the subject of how, when, and where to find precious metals at rock bottom prices. You will learn how to find these virtual gold mines right in your own cities and neighborhoods. You will learn how to identify items made of gold, silver, platinum, and palladium. You will learn how to determine the percentage values of these metals and how to negotiate their purchase. You will also learn where to sell precious metals for either the quickest turn-over (same day), or for the greatest profit per transaction (98% of the market price), whichever suites your preference. Within this book you will find out what tools you will need to identify the metals you are looking for, and how to use these tools. The author has packed this book with the information gained from countless hours of research combined with his own very successful personal experience. He also shares methods and insights that he has developed himself--that you cannot learn about anywhere else. The greatest transfer of wealth in the history of mankind is happening right now. Fortunes are being made by people who educate themselves and take action in specific fields of endeavor. The previously owned precious metals market is one of those fields. The window of opportunity has just opened. But it will not be opened forever. The time to educate yourself and take action is Now! This is THE must-read book for the serious Urban Treasure Hunter!

Customer Reviews

This is one of the best books out there on the subject of making money buying gold and silver that I have read. It is extremely thorough; with information on both buying as a business and on buying as a hobby. I have dabbled in the buy and sell before, but more as a happy happenstance than as a real business. I knew enough to make a little money. With this book at your side, you could make real money. I fully intend to use this information as a part-time business once I retire. I feel this will help me make enough money to really help in my retirement without having to work full-time.

Very good book and also motivational. I just miss the better quality of pictures. But it worth the money. You should buy it.

This is a different viewpoint than normally talked about with buying gold and silver. Opens the mind to new possibilities.
