# User's Guide To The Bluebook

## Synopsis

This Guide is designed to make your task of mastering The Bluebook<sup>®</sup> as easy and painless as possible. It helps alleviate the obstacles faced by students and even lawyers when using proper citation form. This text is designed as a how-to manual and takes a step-by-step approach to learning the basic skills of citation. It explains The Bluebook<sup>®</sup> rules, and information for each topic is found in one section rather than scattered throughout as in The Bluebook<sup>®</sup>.

## Book Information

Paperback: 49 pages

Publisher: William S. Hein & Co., Inc.; 19 Revised edition (August 15, 2010)

Language: English

ISBN-10: 0837738385

ISBN-13: 978-0837738383

Product Dimensions: 0.2 x 5.2 x 8 inches

## Customer Reviews

The perfect reference for the novice in legal writing....A wonderful complement to the Bluebook<sup>®</sup> that makes it user-friendly. --American Reference Book Annual  
The perfect walk through the Bluebook<sup>®</sup>....An invaluable aid. --Bowker's Legal Publishing Preview

You gotta have this if you're in law school or a lawyer. For no very good reason, courts in many places have insisted that legal citations be done according to the Ivy League Uniform System of Citation (the Bluebook) ... notwithstanding that the Bluebook is intended for law journal editors who have a much wider range of typography at their command than mere users of typewriters and word processors. What's worse, the book is revised every 5 years, whether it needs it or not, and each batch of editors introduce changes for no good reason than to be able to say they introduce changes. So you'll need the latest version of Dworsky's clear guide.

For first year law students, I'd recommend picking this up. It is only 20 pages or so long, and it

doesn't offer anything that you couldn't find in the bluebook. That being said, for \$10, it helps you ease into the bluebook very nicely. It goes over all of the basic rules in a very simple way. The examples are better than those in the bluebook, and it explains everything in a less cryptic manner. My first year legal writing class had a bluebook assignment on the first day, and there was no instruction on the bluebook at all. While everyone else was banging their head against the wall, 15 minutes of reading this and I was set. It is expensive for what you get, but it's worth it.

It will be worth it to decipher the Bluebook on your own terms, or with the help of a professor. This just gives shortcuts that really contravene learning. If you aspire to be a C- student, then go for it.

As a law student, I found this book to be very helpful. There are clear examples, full explanations and it is an approachable length. It's important to read an entire chapter at a time to get a full understanding of the different forms a single citation will take throughout your paper. This was worth the money for sure!

By using this book, you'll understand the "Blue Book" faster and easier. There's virtually no better resource for doing so than this book. In addition, it's too bad the editors of the "Blue Book" itself haven't seen fit to use the format of this book.

Product came exactly as expected. Book wasn't for me, so I can't attest to its quality. But this seller is wonderful. Shipped extremely fast.

Highly recommended for any law student, lawyer, judge or paralegal

text book, fast shipping, enough said.
