Customer Reviews

Mande Matthews has done it again! Broken, sequel to the brilliantly-written, Bonded was exactly what I have been waiting for. Surely, it is worth the long wait Mande has put her fans through. ;) I first read Bonded, when I started blogging for the first time, Mande Matthews was one of the first Authors I had asked to do a guest-post on Starry-eyed Heart Reviews. She was also one of the

Authors who inspired me, to continue blogging about books and giving me the confidence I needed. I remember falling for her creative writing, elegant story-telling, and the ability to pull readers in to this, indescribable, other-world. After finishing Broken, I was reminded, again, of as to why I became one of her fan. Astrid (Swan) and her twin brother, Hallad, are back and with more burden than ever. Everything Astrid was told growing up, was that she was of light, that she and her brother are protectors of their world. But, after rescuing Emma (their other sister) and being in the Palace, where she is not allowed to express herself, Astrid, find herself giving in for a moment of comfort with the Shadows. Her connection, her bond, with her twin has also become a problem, when Hallad finds himself attracted to a woman and Astrid is not able to do anything about the visions,- the emotions, that are not of her own. The characters are more developed, and I loved learning more about Astrid, and for a change, having the story told in her POV. Back in the first installment, we were introduced to her, but because she was unable to speak, we were more in sync with Hallad's thoughts and emotions. Now, that we get to invade Astrid's thoughts, we learn that she is more feisty than would imagined, and that her emotions and feelings are complicated. You would not have been able to tell, given her well calm and collected outer-demeanor. That she has her own thoughts and opinions makes me favor her even more. As it was exciting to see a new side of Astrid, it was just the same for Hallad. You see a more laid-back guy who loves his sister, instead of Astrid being the one to calm him down, it seems their roles has switched. Emma and Erik are the couple that brings the romance elements to this book, and their relationship is very passionate. Though, as with any couple, they face a few misunderstandings; making their journey a bumpy one. Oh, the thought of waiting for the release of the third book! *Sigh* The ending was SO riveting and heart-breaking, I cannot wait to find out what happens to Astrid and Hallad! Just the thought of it, is making me over-excited! Overall, a bit slow in the beginning, but once the action hits you, you'll be begging for more. I could not have asked for a better sequel! If you have not checked out Mande Matthews, first installment, Bonded, what are you waiting for?

great book can't wait to read more from this auther

A great read

Except for it's length, the first two books remind me of Jordan's huge collection. Many complex well developed characters and plots within plots. Never a dull moment. The heroes are super but human and make mistakes, some very tragic. How will they ever get out of the mess book 2 leaves us.

This book took off where Bonded left off. I wasn't left to try to figure out where the other book left off. I love the series and can't wait for the next book to come out. All reader of fantasy books should definitely read this series.

I was not as pulled into the story in "Broken" as I was in "Bonded". I kind of feel like I need to go back and read "Broken" twice just to be able to remember what the book was about. There were a lot of switch offs in the story line and I would have to go back a few pages and read it again to stay with what the author was trying to move to in the next chapter.

the Shadow has playing a horrible game with all the worlds. Ballard, Astrid, Emma and Erik are caught in an ancient feud that can save the world or destroy it. and the costs will be incalculable.

It was easy to like the characters and personalities of many of the animals and the different races. It was interesting to learn what different powers were used.
