Hurricane: The Miraculous Journey Of Rubin Carter

Synopsis

In 1967, the black boxer Rubin "Hurricane" Carter and a young acquaintance, John Artis, were wrongly convicted of triple murder by an all-white jury in Paterson, New Jersey. Over the next decade, Carter gradually amassed convincing evidence of his innocence and the vocal support of celebrities from Bob Dylan to Muhammad Ali. He was freed in 1976 pending a new trial, but he lost his appeal -- to the amazement of many -- and landed back in prison. Carter, bereft, shunned almost all human contact until he received a letter from Lesra Martin, a teenager raised in a Brooklyn ghetto. Against his bitter instincts, Carter agreed to meet with Martin, thus taking the first step on a tortuous path back to the world. Martin introduced him to an enigmatic group of Canadians who helped wage a successful battle to free him. As Carter orchestrated this effort from his cell, he also embarked on a singular intellectual journey, which led ultimately to a freedom more profound than any that could be granted by a legal authority.

Customer Reviews

Here comes the story of the Hurricane: On June 17, 1966, two men entered the Lafayette Grill in Paterson, New Jersey, and shot four people, killing three. Rubin "Hurricane" Carter, a onetime contender for the middleweight boxing crown, and John Artis, an acquaintance of Carter's, were charged with the murders. In a highly publicized and racially loaded trial, the prosecution hinged its case upon the convoluted and contradictory testimonies of two lifelong criminals, and failed to present any definitive evidence of Carter and Artis's guilt. Nonetheless, both innocent men were

sentenced to life in prison. Hurricane is a detailed, inspiring account of Carter's 22-year effort to exonerate himself and regain his freedom. Carter's saga is rich and complicated, and James Hirsch deserves praise for his balanced treatment. He brings Carter's electrifying and complex personality alive without unnecessarily lionizing him, masterfully detailing his transformation from a defiant, intimidating man known for his dangerous temper and stubborn pride into an enlightened one who defeated despair and unimaginable injustice. Upon incarceration, Carter refused to behave like a guilty man--by defying the rules: rejecting prison garb and keeping his jewelry, shunning prison food, and failing to see a parole officer. His defiance earned him cruel punishment, but he compelled the rigid, unforgiving system to come to terms, at least in certain instances. Though he began an earnest study of the law in order to issue his own appeals, he could not have won his freedom without the astonishing collective effort of others. After a 1974 front-page story in The New York Times revealed his plight, there followed an outpouring of public support that included celebrity endorsements from, among many others, Muhammad Ali, Jesse Jackson, and Bob Dylan, who immortalized him in the famous song "Hurricane". Though all the publicity turned Carter into an icon for a time, ultimately it was the efforts of a group of enigmatic Canadians and a team of persistent lawyers that helped Carter achieve justice. He lost his family, his boxing career, and 22 years of his life, yet in the end, he refused to allow bitterness to consume him. When the charges against him were finally dropped in 1988, he spoke at a press conference: If I have learned nothing else in life, I've learned that bitterness only consumes the vessel that contains it. And for me to permit bitterness to control or infect my life in any way whatsoever, would be to allow those who imprisoned me to take even more than the twenty-two years they've already taken. Now, that would make me an accomplice to their crime... He emerged from the fight of his life with his dignity and humanity intact. --Shawn Carkonen --This text refers to an out of print or unavailable edition of this title.

This authorized biography of Carter by former Wall Street Journal and New York Times reporter Hirsch brings an objective historical perspective to the boxer's story. Scrupulously researched and expertly crafted, Hirsch's updated account of Carter's life is both a rich portrait of a complex man and a clear-eyed telling of a remarkable life. Despite his success in the ring, or because of it, Carter was a man with a bad reputation when he was wrongfully accused of a gruesome triple homicide. As a defiant black man with a mean streak, a criminal record and flamboyant tastes, Carter jarred the sensibilities of many whites in his hometown of Paterson, N.J., and Hirsch explores the role that race played in determining his fate. Carter's hellish ride through the judicial system and the heroic

efforts to free him make for fascinating reading. Hirsch used the Canadian edition of Lazarus and the Hurricane (reviewed above) as a source for much of his material, and some scenes are straight out of the earlier book. But Hirsch also explores the nature of Carter's relationships with the Canadians, including his romance and marriage to Lisa Peters, which is treated as a mere footnote in the Canadians' account. When Carter finally became a free man in 1988, he spent several years living in the Canadians' commune, but their controlling nature led him to believe he had traded one prison for another, with a debt of gratitude tying him down. He eventually severed ties. Copyright 1999 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

I love controversial books so I decided to pick this one up. I was not disappointed! This one makes you sad at times, angry at others (over the travesty that is the American Justice system). If you are interested in the case of Rubin Carter, or even about the mistreatment of blacks in the US, this is worth your time and money.

Rarely does it happen that an author so captures a reader's interest to such a degree that the reader truly cannot put the book down. Yet such was the case with this book. The life of Rubin Carter comes weaving and bobbing off the page much as Rubin probably did as a boxer! The descriptions of blatant racism need to be told and this book does so, yet there is a glimmer of hope as well. This is a great book!

Great read of all the controversy of Hurricane s very rough tough wisdom yielding life. Never a better prisoner who self rehabbed himself! Even tho' he was not guilty and Appeals Ct freed him on lack of credible evidence . One of best Biographys I've read in long whiles

Great read, makes you just know that what ever comes your way as long as there is life, just don't give up. This book makes me more determined to make it through any situation I find myself.

Bought for a school project, but ended up loving it! Very informative.

Liked the book, told moire detail, than the movie which always does. well written. A very good read a little thick.

Fast shipment, awesome price, easy transaction!! wonder recommend this wonderful read to anyone who enjoys empowering, uplifting reads.Especially non fiction. Very happy with this purchase.

Great read!
