Customer Reviews

A lot of great suggestions can be found in this book. What is amazing that some of the advice that

held truth back then, still hold truth today. It is a very short book, worth reading.

Chock full of knowledge which is palatable. I am very grateful to have read this material. It will be in my monthly rotation for quite some time to come. I especially enjoy the list of virtues given in this text. A must read in my opinion and it ends as meaningfully as it begins.... Thank You!...

These proverbs of Ben Franklin are helpful instruction and good food for thought, for an individual seeking to be more. His example and advice help one to seek the refined life of moral aptitude and example. A good read for those leisurely moments of quiet and those who don't particularly waste to much of their time on fiction.

Great content.

I recommend this book to anyone on the path to wealth. It starts of strong but settles towards the middle but keeps pace towards the end.

I'd love to have a beer with old Ben Franklin and talk about this book. Since he is not here, his words of wisdom live on in this book. I'd bet he read "The Richest Man in Babylon" at a young age. This is a great part 2 to that book. Certainly Ben would agree.

This is a great little book packed with wisdom. Do yourself a favor and read it. It is a must. Highly recommended!

It is short and gets the message rightacross. Small sentences with a lot of meaning, not to be taken lightly, recommend to go slowly and fully digest the wisdom. it's a book to keep.
