This book is hands down my favorite and my daughters favorite! The illustrations are so detailed and fun to look at - my daughter seems to get mesmerized by how much there is to look at! The

book itself is very sturdy and attractive to have sitting out in my daughters room. I'm thinking of purchasing a couple others in the series (specifically the sixties and twenties!) I think it's fun to talk to my daughter about other decades.

So fun!!! My husband and I love this book just as much as our little.

Cutest board book! Love the retro illustrations!

Great illustrations and enough tongue in cheek humor to keep the adults interested and willing to read the whole thing!

I love the retro style of this ABC book. Totally fun, and the mid-century artwork is perfect. The book provides charm for the adults as well as the kids, and choices for the letters provide opportunities for explanations. Very thoughtful, very fun!

Love it! Husband is a huge fallout fan, so this is a great way for him to connect with our son! Only drawback is that "exercise" is a total cop-out for the letter x.

Book came slightly bent but otherwise a fun fit to my midcentury house

Great book and the illustrations are top notch for any MCM lover.
