Doctor Who: A History Of Humankind: The Doctor's Official Guide

Synopsis

Over billions of years of time travel, the Doctor has run into his fair share of important people - and he's formed opinions on most of them too. Now the Twelfth Doctor has got hold of a history textbook from Coal Hill School, and he's decided to improve it with notes of his own. From Nefertiti to Robin Hood, this essential Doctor's guide gives us his unique take on Earth's most famous historical figures. Through annotations, scribbles and his trademark snarky humour, the Doctor has plenty to say about the pudding-brained humans he's met on his travels. It's history . . . but perhaps not quite as you know it!

Book Information

Series: Doctor Who

Hardcover: 176 pages

Publisher: PENGUIN GROUP (UK) (November 29, 2016)

Language: English

ISBN-10: 1405926538

ISBN-13: 978-1405926539

Customer Reviews

BBC Books is the publisher of choice for titles relating to BBC programmes and personalities. One of the UK's leading non-fiction imprints, BBC Books has had particular success in the food and drink, gardening, history, natural history and travel genres. Amongst our authors are some of Britain's best-known and best-loved TV personalities including Mary Berry, David Attenborough, Alan Titchmarsh and Rick Stein. We are also the official publisher of some of the BBC's biggest global brands, including Doctor Who, Top Gear, Sherlock, Good Food and Strictly Come Dancing.

This work offers one of the most interesting history lessons I've seen, as it tells human history from the POV of everyone's favorite Time Traveler, The Doctor. He's taken possession of a Coal Hill

school history book and improve it with information and corrections from his travels, his opinions on historical figures and events, and even sketches, drawings, and doodles. Everything from the creation of life on Earth, to the cold war, and there is even a map of the world (where The Doctor has pointed out a few of the locations of important events), and even a quiz on the updated history in the book! A great and rather simple yet comprehensive (or at least as close as Doctor Who gets to that) read and reference for Doctor Who fans of all ages.

Completely entertaining with oh so very Doctor Who like humor & wit! It's hard to say much without spoiling the fun but if you want a quick read that you'll flip through and go back to for smiles than this book is for you. This isn't a DrWho novel but more of an entertaining reference book. Safe content for kids and parents alike! I find myself flipping through this on my kindle when stuck waiting at the Drs office or when I need 5-10 minutes of reprieve from a stressful day. Most definitely recommend

My 5th grade so loves this book. I looked through it and enjoyed it myself and I don't really know much about Dr. Who!

It's one of the best books I've ever read! It's great for everyone who likes Doctor Who!!

So cool! Buy this for any Whovian you know and they'll love it.

just what I was looking for

My son loved it. Big Dr Who fan

Perfect gift for my Dr. Who fan.
