This guide gets right to the point with no fluff. It's exactly what you think you're going to get from the title. You can implement add you're reading or read it all and them implement. You'll have to customize for your particular niche. I gave it 4 stars instead of 5 because I would have liked a few more examples of some of the information in the steps. There were places where I was confused by exactly how to implement what she suggested.

I'm a beginner so I found this book really helpful. She provides lots of examples for different industries. Can't wait to try some of the ideas out!

I absolutely loved this book! I had a party booked for my Paparazzi business within 5 minutes of completing the first task in chapter 1! The book is full of amazing advice including how to make those not on FB able to partake in your online parties!

Love all the tips and resources in this book. I will be using it for the resources as I do my FB parties going forward. Thanks Lynn!
