Christine Jansen has a degree in culinary arts and has taught decorative painting and faux finishes. She first started creating hooked rugs as a child with a latched hook rug kit. She lives in Arlington, Massachusetts.

This is a good book for folks who want to try rug hooking but don't have a lot of experience. The author's written instructions are really clear and the pictures are great. My project came out looking as good as the picture.

I am a traditional rug hooker. But, I feel a lot of the ideas in this book are very nice and can be easily adapted to what you want them to be.

As a newcomer to penny rugs, I think this book has great projects with easy to understand directions! I have recommended and shared this book to several of my friends.

arrived in a reasonable amount of time was as described and was reasonably priced. look forward to doing more business

Great book

I really enjoyed this book and got a lot of helpful hints for my rug hooking from it. As an amateur it was refreshing to find clear, concise instructions and photos on the projects that were featured. I also have Jansen's first book and you may want to purchase that one as well! This is one sequel that lives up to and enhances the original. Hooked Rugs & Wool Applique*

Here is a go to get perfection publication. The photos are great and the instructions so easy to follow. Christine is an up and coming talent! A great buy. EMM
