The Case For Grace: A Journalist Explores The Evidence Of Transformed Lives

Synopsis

The Case for a Creator explored the scientific evidence for God; The Case for Christ investigated the historical evidence for Jesus; The Case for Faith responded to eight major objections about Christianity; The Case for The Real Jesus refuted the current challenges to the Bible and Christ. Now, in The Case for Grace, Lee Strobel crafts a compelling and highly personal case for God, focusing on God's transforming work in the lives of men and women today. Writing with unusual candor, Lee draws upon his own journey from atheism to Christianity to explore the depth and breadth of God's redeeming love for spiritually wayward people. He travels thousands of miles to capture the inspiring stories of everyday people whose values have been radically changed and who have discovered the "how" and "why" behind God's amazing grace. You'll encounter racists, addicts, and even murderers who have found new hope and purpose. You'll meet once-bitter people who have received God's power to forgive those who have harmed them and, equally amazing, people mired in guilt who have discovered that they can even forgive themselves. Through it all, you will be encouraged as you see how God's grace can revolutionize your eternity and relationships starting today.

Customer Reviews

Lee Strobel was the award-winning legal editor of The Chicago Tribune and is the bestselling author of The Case for Christ, The Case for Faith, The Case for a Creator, and The Case for Grace. With a

journalism degree from the University of Missouri and a Master of Studies in Law degree from Yale, Lee has won four Gold Medallions for publishing excellence and coauthored the Christian Book of the Year. He serves as Professor of Christian Thought at Houston Baptist University. Visit Lee's website at: leestrobels.com

I've read all of his books and love them. This is a great book. The reason I didn't give it 5 stars was 20% of the book was a study guide with questions. If you want the extra questions than this is perfect for you. I would have like reading more stories about people who's lives have been transformed by grace.

This book came in the mail yesterday after work. I spent the evening sneaking in as much of it as I possibly could. Absolutely wonderful! His other books have presented Christianity as the most reasonable and rational conclusion based on the evidence, but this book is different. Unlike the others, though, it doesn't focus its address to the mind, but to the heart. No one want to believe anything that isn't true, to be sure, but the extravagant, mind-blowing, awesome grace of God--that is what we long for in the deepest recesses of our hearts. It is this grace that can touch, heal and transform the severest brokenness in our lives. Only authentic Christianity offers this kind of grace. I don't say that in arrogance or to slight any other religion or people. It's just reality. As someone once said, I should not be upset to find out that there was not multiple cures for a disease I had--I would be thrilled that there was one. Be prepared to weep tears of joy as you read, and, if you're like me, be prepared to immediately buy other copies to give out to others.

Exceptional book. Made me realize yet again how much we as Jesus followers have to be thankful for. Although we don't earn God's grace, it does not exonerate us from the responsibility of telling others about Jesus.

This wonderful book gave me a greater understanding of grace. I adore the author, so anything he writes is terrific...but this is one of his special books! So very worth the read!

I was lucky enough to have someone suggest this book to me. What a reminder that we all have worth....even when we ourselves forget it. Grace is there for the taking...try it!

I bought an additional 6 copies to give away to my family. First, I bought one and set it on a shelf

along with many others. Then I read in an old Guidepost magazine, April 1995, the story "The Girl Nobody Loved. A day later, I grabbed The Case for Grace for a quick read, and found the same story. If for that chapter alone, the book is worth ten times the price, and all the chapters are impressive. For an update on The Girl Nobody Loved, Stephanie Fast has written a biographical novel of her life in her book "She is Mine." I will likely buy more of both books. My family and friends need this wonderful message of love and grace.

Each chapter is about a different character in his or her journey to faith in Jesus. It's very well written and is holding my attention. I just read the chapter about a Korean half-breed orphan girl, who was abandoned by her mother and suffered incredible abuse. Somehow, she survived living on her own as a toddler, stealing from farmers, sleeping in foxholes and other makeshift places. When she was adopted, it was awhile before she realized that she was her new parents' daughter and not their slave.

I am a big Lee Strobel fan, but this book definitely caught me by surprise. It follows a similar journalistic interview style, but contains a lot more heartfelt, personal stories than ever before. It definitely pushed me to better understand God's grace. I absolutely love it!
