Smoky The Cowhorse

Synopsis

Smoky knows only one way of life: freedom. Living on the open range, he is free to go where he wants and to do what he wants. And he knows what he has to do to survive. He can beat any enemy, whether it be a rattlesnake or a hungry wolf. He is as much a part of the Wild West as it is of him, and Smoky can't imagine anything else. But then he comes across a new enemy, one that walks on two legs and makes funny sounds. Smoky can't beat this enemy the way he has all the others. But does he really want to? Or could giving up some of his freedom mean getting something in return that's even more valuable?

Book Information

Paperback: 336 pages

Publisher: Aladdin; Reissue edition (January 8, 2008)

Language: English

ISBN-10: 1416949410

ISBN-13: 978-1416949411

Customer Reviews

"There have been many horse stories. But not one of them can compare with this book." -- New York Times Book Review
"One of the finest horse stories ever told." -- Herald Tribune

I first read smoky when I was in my early 20's. I had a first edition paperback that a housemate stole from me. And I have spent years and years looking for another copy. Every bookstore tried to tell me the book didn't exist. But when I was up in Montana, i found another book by will James, and that publisher had it listed as available from them. So I looked it up under used books, and bought myself a new copy.SMOKY THE COW HORSE has always been one of my all time favorites.

Smoky: The Cow Horse was one of my favorite books as a child. this is the original edition that a sibling stole and tossed - - and now in my sixties it was a treat to receive this again with the cover and inside photos I loved for so many years. It was great to re-read this treasure!

Written by a cowboy. The horse was as important as a car today. Will Rogers said Will James book offers in a accurate account of the role the horse played in the success and/ survival of a cowboy. One of my all time favorite books.

Excellent service and an old favorite book I loved as a very young person. It is good to re-read a much-loved book from my past. It is in good condition and arrived in an appropriate time frame.

I read this book when I was a 10 year old boy, and it was a superb book. We bought the book for our nine year old granddaughter who is very much into horses, riding, and competition. She loves the story.

The only problem is that this wonderful book in a first illustrated edition was delivered with an ugly sticker right over the horse's face! Removing the sticker tore the fragile old paper so now the horse's face is a tear in the precious paper. Absolutely thoughtless packaging!

It has been many since I read this book. I vey much enjoyed reading it again.

I read this book when I was a young and horse crazy girl. Now I'm a much older woman and this book is still the best book I've ever read. I bought several books and gave them to my grandkids.
