Spider-Man: Attack Of The Heroes (A Mighty Marvel Chapter Book)

Synopsis

Peter Parker spends a lot of time juggling school, friends, and living the life of the Super Hero called Spider-Man. He is usually pretty good at balancing it all, but when high school quarterback Flash Thompson starts bullying him, Peter must find a way to control his powers. To make matters worse, Daredevil, Nova, the Thing, and Iron Man start acting strange and causing mischief throughout New York City, and it is up to Spidey to save the day. But when Flash finds himself mixed up with all the Super Heroes gone bad, can Peter save his number one enemy and stop the attack of the heroes? Marvel Super Heroes chapter books are the perfect next steps for readers who have grown up on our World of Reading titles. These stories are character-driven tales in which much of the action-packed scenes unfold in colorful, fully-illustrated sequences, while the character and story development is conveyed in the clean, simple exposition that's perfect for young readers.

Customer Reviews

I got this for my 5yo super hero. He loved listening to it, and I actually enjoyed the story as well. Also like that it's a book he'll still go to when he can read it himself. I bought the whole series.

Bought for my nephew for Christmas as he needed to read more chapter books for school. This book is more weighted on reading and the story line and a few pages with comic imagery.

My nine year old son enjoyed it.

For my grandsons, they love the books.

boys love these books!

Great quality

My son finished this in ONE DAY. I wish there were more of these books! He loves loves loves them but he tears through them so quickly, we can't keep enough stocked for him!

Our spider man enjoyed this very much, although he loves all spiderman material.
