## Customer Reviews

MARY QUIGLEY is the author of numerous articles for major national magazines including Good Housekeeping, and Newsday. She is a journalism professor at New York University and lives in New York. LORETTA E. KAUFMAN has written dozens of articles for publications such as Money and Good Housekeeping, and was the New York correspondent for Live magazine for three years. She lives in Los Angeles. --This text refers to an out of print or unavailable edition of this title.

The Renaissance is a short (you could pretty much read it in one sitting) yet descriptive primer to the life of people during the time period. Each page is dedicated to a different aspect of renaissance life and covers the spectrum of peasants to the upper class. The information given is nice little paragraphs that cover government, family life, sports and recreation, crafts, printing, literature, science, da Vinci and Michelangelo, etc. It also gives a two page summary on the reformation. I really like this

book. It is certainly more geared toward children but outside of the reformation I didn't know too much about this period of time and picked this book up to help me along the way. Don't expect too much from this and you will be pleasantly pleased.

Got this for my 12-year old grandson as a supplement to his history textbook. Great illustration, very engaging.

Well laid out of pertinent information in describing the Renaissance era. Describes all aspects and brings it together in a way that middle schoolers can understand. Great pictures, too.

Dry and long

The book covers a lot of topics; for example, family life, clothing, crafts, printing, science - but has only one small paragraph on music that gave no real information (the author notes that music was now played for entertainment and not just for religious purposes). I thought this was a big omission, and so did not give the book to the child I had ordered it for. Otherwise it was well written with nice illustrations.
