When Beauty Tamed The Beast

Synopsis

Miss Linnet Berry Thrynne is a Beauty... Naturally, she's betrothed to a Beast. Piers Yelverton, Earl of Marchant, lives in a castle in Wales where, it is rumored, his bad temper flays everyone he crosses. And rumor also has it that a wound has left the earl immune to the charms of any woman. Linnet is not just any woman. She is more than merely lovely: her wit and charm brought a prince to his knees. She estimates the earl will fall madly in love - in just two weeks. She is more than merely lovely: her wit and charm brought a prince to his knees. She estimates the earl will fall madly in love - in just two weeks. If she decides to be very wicked indeed... what price will she pay for taming his wild heart?

Best Sellers Rank: #148 in Books > Audible Audiobooks > Romance > Historical #1358 in Books > Romance > Historical > Regency #6660 in Books > Audible Audiobooks > Fiction & Literature

Customer Reviews

Possibly one of my favorites from this author. Absolutely loved the witty banter between hero and heroine. Perfect homage to the T.V. show House and that cranky but brilliant doctor. Enjoyed this novel from beginning to end. Highly recommend and if you love Eloisa James you'll love this version of Beauty and the Beast too. If you haven't read any of her novels this would be a perfect place to start.

Reading this book I felt almost like Alice falling down the rabbit hole with the mad hatter! Can't say I have ever read another book like it. What I didn't like was Linnet so focused on her own beauty and trying to wow everyone with it, GAG! She thought so much of herself she didn't have any room to

think of anyone else! Also too many trips to the pool (repetitive)! Piers was a jerk not a beast most of the time. They just BOTH were TOO self centered, for me! I got a few laughs here and there but not enough to give it high marks!

Right from page one the story catches you up and you don't want to put it down. The dialogue between the characters is wonderful and entertaining. Making you fall in love with the main couple plus all the other people involved in creating this wonderful love story. Highly recommend this book! ENJOY!

This was my first Eloisa James book and it definitely will not be my last! I absolutely LOVED this book. It's one of those books that works its way into your heart and stays there long after you finished. Highly recommend!

This is the first in Fairy Tales I've read. Wasn't sure what to expect from this series, but I loved Piers & Linnet! Beautifully written, it pulled me in immediately and I couldn't put it down. Totally recommend reading!

I always ignore bad reviews and do my own decision making when it comes to books. In this case, I am glad I did. I accidentally stumbled across this book in my quest for fairy tale re-writes and it was a fun read. The main story line is well developed, the characters, though some apparently disagree with me, are fun and more believable than most I find in romance novels. Honestly, this historical romance was one of the least cliché romances I have read. There is a smaller, subplot going on as well and it tied very nicely in with the main plot. All in all, I found this a charming read and I am not even generally a big historical romance reader. LOL. I think I shall most definitely go on and read the rest of the Fairy Tale series. There was just enough retelling that Beauty and the Beast came through but there was also enough of the author's own story to keep the story from becoming boring or too predictable.

This book takes the beauty and the beast story and makes it wonderful. I've reread it so many times and yet I know I'll read it again. I hear House's voice as Piers is speaking. Linnet is a believable heroine and their relationship comes across as realistic. I know you'll love it too.

Eloisa James' heroines are always interesting, strong, and funny. I enjoyed Linnet's interaction with

"the Beast" and the background story of his parents relationship. Very enjoyable.
