Kids' Travel Guide - New York City: The Fun Way To Discover New York City - Especially For Kids (Kids' Travel Guide Series)

Synopsis

New York City's travel guide and activity book in one! Enjoy a new family adventure in NYC! With Kids'™ Travel Guide New York City • Your kids will become the family tour guide! They enjoy fun facts, challenging tasks, useful tips, coloring pages and exciting quizzes. There will be no boring moments in your New York vacation | Watch as your kids become little experts about New York City: the relevant history, what the city looks like, the transportation system, and many fun and fascinating facts about the city. Your little tour guide will take you through New York City attractions | Be sure to visit the best sites for kids: The amazing Central Park, the famous Empire State Building, the one and only Time Square, and many magnificent bridges and museums plus all the fun things to do in NYC! From planning and packing to returning home. The New York City guide and diary will become a souvenir of your travel that the whole family can treasure for a lifetime. You, the parents | All you need to do is to find an available bench and relax. And, of course, enjoy your New York City vacation while you enjoy your active children. For more USA travel guides and lots of fun and enrichment: Kids' Travel Guide USA all about the USA, no matter which area or city you visit. Kids' Travel Guide USA & New York City everything about the USA and things to do in New York City combined in one book. Even more adventures with Kids'™ Travel Guides to Spain, Germany, Australia, Thailand, France, Paris, Italy, Rome, San Diego, Los Angeles, San Francisco, Washington, DC, United Kingdom, London, and many more destinations | Go to the FlyingKids website and get more free activities, gifts and special offers. Grab a copy of the most fun, educational, and interesting travel guide for kids and enjoy a new family adventure! FlyingKids makes your family travel more fun, enriching, and unforgettable.

Customer Reviews

The book is designed to get kids interesting in unplugging from their electronic devices and put them in charge of getting the most out of their experience in visiting New York City with their guide, Leonardo. There are 46 pages, the first two are more introductory and publishing info, the next a Table of Contents followed by a page for Parents to read to help the child get the most out of the book then intro of the book to the child. The rest of the book except for the back page is pretty much interactive asking the child how they are planning on getting there and who is going, checklist of things to pack, a word search along with a little history, how to get around and things to do at iconic destinations and spaces to document thoughts and experience and paste pictures. --Kathryn

Sprowl This travel guide for kids is a great way to introduce the concept of New York City to a child. I like this book- it simplifies things for kids, yet makes the learning fun, interactive, and entertaining. I have never been to New York City myself, so this is a learning book for both of us! And, it really is nice to have this book so we can talk about our dreams of future travels and have a place such as New York City to be our destination, as it really is a feasible place for us to visit. Children need to know more about what it outside of their home towns, states, and such. It is a larger sized book, which I like- smaller books are hard to find and keep neat. It is oriented towards children and truly makes the learning fun with various activities in there along with the words and pictures. --ldt13l
I bought this kids travel guide for New York City for my daughter. We live very close to the city and go there several times a year with both of my children. The book talks about New York City giving history and fun facts about the City and the famous sites to visit. It also has places for the kids to write in answers and little puzzles and various activities to do. The pages are fairly thick and can be used with markers, crayons or colored pencils. We will be using this book as a scrapbook type memory book. I did receive this product at a discounted price in exchange for my honest and unbiased opinion. --lorene

FlyingKids makes your family travel more fun, educational, trouble-free, and meaningful by providing a wide range of solutions and information for both parents and kids to many travel destinations. Especially designed for kids! The interactive Kids' Travel Guides tell your kids everything they need to know about the country or city you plan to visit. From planning and packing to returning home with a record of great family memories to cherish. For Parents! a complete site for the traveling family's to learn how to have the best plan for your vacation with your kids.

Ideas for entertaining kids during long drives. And tips and benefits from our great parent forums and articles on theflyingkids.com.

In agreement with previous reviews. Great guide/keepsake for a trip to NYC!

The map is wrong in this book

I think this will be a wonderful keepsake!

Perfect for my grandchild! We are anticipating a trip to NYC soon.

I really did not know what to expect with this Kids' Travel Guide New York City. I thought it might tell some places that are fun for kids to visit. Wow, I was very excited when I looked through the book. First of all, it is not just a travel guide, it is a journal/scrapbook of the trip. The book talks about New York City giving history and fun facts about the place and sites. It also has places for the kids to write in answers and little puzzles/activities to do. Each of the pages are very thick and will hold up to a lot of use and getting in and out during a trip. The pages are very colorful and kid friendly and are presented in a way that catches a kid's attention. I was even excited to look through and see what it had to say about the different sites. There are so many things to do in New York City. This is a good book to help narrow down some of the choices too. This is definitely a great way to start a trip. I received this product at a free or reduced price in exchange for an honest review. I take pride in providing honest reviews because I personally use reviews for most of the items I buy. I try to read a selection of good and bad reviews about the products that I am interested in. I find that this helps me to make a more informed decision. Please rate this review as helpful if it provided any information that allowed you to make your decision to buy this product or not.

This travel guide for kids is a great way to introduce the concept of New York City to a child. I like this book- it simplifies things for kids, yet makes the learning fun, interactive, and entertaining. I have never been to New York City myself, so this is a learning book for both of us! And, it really is nice to have this book so we can talk about our dreams of future travels and have a place such as New York City to be our destination, as it really is a feasible place for us to visit. Children need to know more about what is outside of their home towns, states, and such. It is a larger sized book, which I like- smaller books are hard to find and keep neat. It is oriented towards children and truly

makes the learning fun with various activities in there along with the words and pictures. The binding is intact. There were no loose pages. Overall, pretty satisfied with this product. No issues or concerns with this. I would recommend this book to others as well. I received this book at a promotional rate or deep discount in exchange for my fair and honest review, which I have provided here. The opinions here are my own and are only influenced by the product itself and my experience with it.

These books are so cute! I actually got them for my international friends so they can read and know where to travel and it helps with their English but these are great for kids too! It has real info and fun activities that they can do too. It will keep their brains going! Great family activity as well as fun!! have received this product for free or at a discounted price in exchange for an honest and unbiased review. I am being 100% honest and I am not being paid to review this product nor will I take payment to review a product! If my review was helpful for you in any way, please click the [YES] bottom below. Thank you for reading!!!

The book is designed to get kids interesting in unplugging from their electronic devices and put them in charge of getting the most out of their experience in visiting New York City with their guide, Leonardo. There are 46 pages, the first two are more introductory and publishing info, the next a Table of Contents followed by a page for Parents to read to help the child get the most out of the book then intro of the book to the child. The rest of the book except for the back page is pretty much interactive asking the child how they are planning on getting there and who is going, checklist of things to pack, a word search along with a little history, how to get around and things to do at iconic destinations and spaces to document thoughts and experience and paste pictures. I would say the book is appropriate for a child who can read well on up to an adult to get them more interested and excited about their trip to NYC even if not planning all of the destinations on the visit as could save the book and document on a future visit and gives food for thought in planning your visit and things to think about while you are there to get the maximum experience. I purchased this product at a discount in exchange for my honest and unbiased review, but after reading it is something I would pay full price for and will if I ever have grandchildren to take with me.
