New Hampshire Covered Bridges (NH) (Images Of America)

Synopsis

New Hampshire once had nearly four hundred covered bridges, most of which unfortunately are no longer in existence. Some of them were railroad bridges and, although often viewed as charming relics of the past, all of these bridges were actually vital links in New Hampshire's transportation system. Covered bridges were used to cross most of New Hampshire's large rivers, including the Connecticut, Merrimack, Mascoma, Contoocook, Pemigewasset, and Ashuelot. New Hampshire Covered Bridges is a photographic study of the state's enclosed wooden spans that date from as far back as 1827. The book contains rare photographs of historic bridges that no longer exist, as well as pictures of many that still stand today. The images are accompanied by detailed information about the design and construction of covered bridges and the men who built them. Each bridge has its own life story. Some have defied floods and hurricanes and still stand; others have fallen victim to nature or arson or the demands of modern transportation.

Book Information

Paperback: 128 pages

Publisher: Arcadia Publishing; First Edition edition (August 22, 2002)

Language: English

ISBN-10: 0738510521

ISBN-13: 978-0738510521

Customer Reviews

Writer and lecturer Glenn A. Knoblock is also the author of the Arcadia publication Historic Burial Grounds of the New Hampshire Seacoast. He has completed extensive research and given numerous lectures on covered bridges. His knowledge of and fascination with the subject make New Hampshire Covered Bridges a valuable and compelling resource.

Very happy with book

The problem I have with this book (and with similar books from this publisher) is not the editorial content which seem quite good, but the organization of the data, which is done by county--making it difficult to know, when you are reading the book, the location of these bridges for travel purposes. Also, this book and others lack an Index. This is inexcusable.

i like these pictures books of old things that are no longer around and cannot be recovered after they are gone. anything from this series is great. i have many others.
