Australia is a very interesting, enjoyable and fun book as it takes you to the country all the way! It contains very interesting photos of the landmarks and historical places to visit in Australia and provides you with brief descriptions of each and how to ultimately get there. It is your very guide in exploring the beautiful country and deciding which destination to go first. Aside from having fun you would also learn the nicest place to travel and when you will have another round of vacation you will surely remember the places and know will the culture, the language and the directions to your destination. This is such a nice book. Recommended.

Yes! Yes ! Yes! this guide is amazing!!! Love all of the information as we get ready for our trip down unda this summer!. My fiance is excited especially to visit Sydney!!!

I am planning to visit Australia this summer and I hope that this publications will make my travelling experience a lot easier and more enjoyable. This guide helps me a lot to plan the perfect vacation. It is very informative and contains all the necessary and useful information for the traveler. I recommend this book.

This is a complete guide and all you would need if you're traveling to Australia for the first time. I'm planning to go visit my brother in Sydney and wanting to know what are some of the places I should know about before landing there. I must say its a valuable guide if you're a first time traveler to Australia

This is very good book study about the travel guide. you'll learn all about the natural wonders, beaches, and adventure opportunities of this fascinating country.

You'll love to explore the Aussie lifestyle in its vibrant, energetic cities and fascinating rural villages.

Australia was always my dream country to visit. I am interested in clime at Australian fauna and flora. This book is the nice guide of the Hottest Attractions, Hotels & Food. I really use this book again on my journey to this country.

Even at \$2.99 I found this to be a waste of money. Very generic and very little information on each location.

Nothing in depth here - you can gain more info off of Trip Advisor. For instance, Brisbane was not even mentioned. Don't bother.
