Customer Reviews

Just finished Blood Silence and found it just as good as the other books I've read by this author. Great story with all the elements of a fantastic read. Sex, power, money, and murder keep you wanting to keep reading until you finish it and then wishing there were still more to read. Roger Stelljes just keeps writing winner after winner and I'm looking forward to his next book. This is a great series for those of you that are police murder mystery fans.

Mac really knows how to embroil himself in a situation,, and he really "dun it" now. He puts his life on the line so many times that its mindboggling. Yet he meets with the best if the best in law enforcement. He solves in this particular case a most confusing and sinister greedy use of money that there is. Truthfully said, money is the root of all evil just behind GREED.

Mac McRyan has done it again! When you need to get to answers, Mac is the guy you call! Blood Silence is fast paced with twists and turns that will have you turning pages. Thanks Roger Stelljes for another great book! Next up "Next Girl On The List "

This was the best Mac MscRyan book yet. The key word is yet - cannot wait for #7. This is a fast moving chase and keeps you involved therefore is hard to put down. Even when you ask yourself how can associations be made in circumstances so far apart geographically? You just have to keep reading to find out. Familiar characters from the author's previous novels are still here, but new ones are well integrated into the story. Again, this book stands alone and can be enjoyed by a first time reader, but who would want to, getting to know the evolution of Mac and his surrounding characters is a great ride. Thumbs up for this one.

Roger Stelljes does not disappoint in this crime thriller! Another page-turning story I could not put down! So much detail and vivid storytelling.....it was like I was actually there. The characters are so believable and the twists and turns make this book throtle from beginning to end!!

I like the way Roger tells a story. The only problem is most of his stories have pretty much the same story lines and plot intricacies. But I still enjoy them.

This author just continues to give us readers a great read, and his stories never get boring. I'm recommending another one here.

I guessed the ending! See if you can do so. Good story about forgiveness of a man who was wronged helping his ex wife who had wronged him. Even better mystery about the reason his ex was in trouble from the beginning. had a winner from a good author.Ward
