Cyprus: Car Tours And Walks (Landscapes) (Sunflower Landscapes)

Synopsis

Walking in Cyprus or exploring Cyprus by car is an experience to treasure for a lifetime - or, as the Cypriots put it, 'Once been, never forgotten'. You can stroll for miles along the southeast coast or hike through the woods in the famous Troodos Mountains (stopping for lunch at one of the trout farms). But in recent years most walkers are exploring the 'far west' - the Akamas Peninsula, now a nature reserve, where the Tourism Organisation has established some fine nature trails. (In all, there are 52 nature trails on the island, some short and easy, others very demanding.) This guide covers Greek (southern) Cyprus; North Cyprus is not included, except on the touring map (where place names are shown in Turkish). (Sunflower has a separate guide for North Cyprus.) Cyprus is a large island; the 6 drives and 45 long and short walks radiate from three main bases: Pafos (Paphos), Lemesos (Limassol) and Larnaka (Larnaca).

I like the way the walks link in with the car tours. The different levels of difficulty and alternative suggestions for walks made this a very flexible book to use and an excellent guide for exploring Cyprus. (Roma,) Having always been a reader of Lonely Planet and Rough Guides I was curious to see how the Sunflower guides compared in terms of information and ease of reading. Very pleased to find a travel guide packed with useful information backed up by clear and easy to understand mapping, something that I have felt lacking in the other travel guides mentioned. It is clear that the authors have a detailed first hand knowledge of the locations they are visiting and this comes

across throughout the book. (AC,) --.

There is a fold-out touring map for motorists, which also highlights the various walking areas. For those without a car, there are timetables for local transport. 6 car tours (and accompanying touring map), 45 long and short walks (each illustrated with 1:50,000 topo map), 15 picnic suggestions.
