The Dealer (CHERUB)

Synopsis

CHERUB agents are highly trained, extremely talented--and all under the age of seventeen. For official purposes, these agents do not exist. They are sent out on missions to spy on terrorists, hack into crucial documents, and gather intel on global threatsâ€”all without gadgets or weapons. It is an extremely dangerous job, but these agents have one critical advantage: adults never suspect that teens are spying on them. In THE DEALER James is on his most daring mission yet: to smack down the world's most powerful drug lord. It means hitting the streets, where the dealers work. It's a vicious business. But James is going to take it down...from the top.

Grade Level: 7 and up

Customer Reviews

Grade 5-9â€”Cherubs are a supersecret division of the British security service MI5. They are highly trained, orphaned children, ages 10-17, who work as spies to investigate terrorists and international drug dealers. In this adventure, readers follow 12-year-old James, who is on a mission to bring down one of Britain's largest drug dealers, the Keith Moore Gang. He and three other agents, along with two adults to supervise and provide cover as their adoptive parents, move into a neighborhood near the Moore family. James and his friends have assignments to get close to Moore's kids. He also gets a job delivering cocaine, which earns him the trust of both Junior Moore and his father.

The story moves quickly with lots of action and suspense. Although the premise is highly implausible, the author makes the plot as realistic as possible. James is a convincing character who becomes more appealing as the story progresses. A potential problem is a statement in the Cherub briefing material that says cocaine is not addictive.â “Ellen A. Praise for books in the CHERUB series: 'Punchy, exciting, glamorous and, what's more, you'll completely wish it was true.' Sunday Express Enthralling Toxic Magazine 'Crackling tension and high-octane drama.' Daily Mail 'A really good book that you could re-read over and over again.' Guardian 'Pacy writing, punchy dialogue and a gripping plot, it's got it all.' Daily Express 'Fast-moving action ... and cool gadgets!' The Times --This text refers to an out of print or unavailable edition of this title.

I have never picked up a book series and have been so amazed by words on paper. Robert Muchamore has a serious skill for making you feel as if you are standing right in the middle of these stories. I originally borrowed the book series from my cousin but they were just so good I had to buy my own set as I couldn't stop reading them. Class A is another Robert Muchamore book that you will plough through without even realising how much you have read and at that stage you will realise your done. Its also the best sequel to the first book! Stop reading this review and go buy it!!!!

This is a really book I suggest downloading it, it is a great series but probably not close to appropriate for elementary schoolers, thanks!

I loved it so much!! The detail in the book made it all come together. I'm so happy I was able to get this book, and can't wait for the third one to come out!!!Ã Â Â^Â Ã Â Â^Â Ã Â Â^Â Ã Â Â^Â Ã Â Â^Â

At first I thought the writer was inexperienced but he soon got into the flow of things and wrote an amazing book.

This series rocks! One thing is that I always find some mistake. I want to know this publisher. This series is still amazing.Ã Â Â^Â œ

I love this book and the whole Cherub series. I've read the series about 20 times all together. Tons of re-readability. Fantastic book.

My 12 year old really enjoys this series. I have had the hardest time finding books he really enjoys. He devours these books!! He reads them in a week or two. No more fighting over his reading homework!! As soon as he finished the first he wanted the next. He loves the story line and characters.

My 11 year old is deeply addicted to this series. He's enjoyed every one of the books, including this one.
