Customer Reviews

Dr. Todd Whitaker has been fortunate to be able to blend his passion with his career. Recognized as a leading motivational speaker in the field of education, his message about the importance of teaching has resonated with hundreds of thousands of educators around the world. Todd is a professor of educational leadership at Indiana State University in Terre Haute, Indiana, and he has spent his life pursuing his love of education by researching and studying effective teachers and principals. Prior to moving into higher education he was a math teacher and basketball coach in

Missouri. Todd then served as a principal at the middle school, junior high, and high school levels. Todd received the President's Medal from Indiana State University (the university's highest award for faculty) in 2013. One of the nation's leading authorities on staff motivation, teacher leadership, and principal effectiveness, Todd has written many educational books including the national best seller, *What Great Teachers Do Differently*. Other titles include: *Dealing With Difficult Teachers*, *Teaching Matters*, *Great Quotes for Great Educators*, *What Great Principals Do Differently*, and *Dealing With Difficult Parents*.

Good reminders: mainly to be positive, focus on what you can do to improve things, be respectful, care about your students first. You may not feel like it is groundbreaking but when you read it, but then it sticks with you. It is encouraging that some things that many good teachers do IS what we are supposed to be doing!

This book is a great motivator. It is a reminder to what effective teachers do and it makes you feel positive that you can impact students lives and be effective. The strategies are nothing new, but it's more of a book to get you thinking about your teaching and how you can put yourself back into new teacher mode and really work hard to be effective!

This book is a great read for teachers who teach because they want to make a difference in the lives of their students!

Whitaker teaches us so much in this book, so much we already know as people choosing the wonderful, rewarding adventure of teaching. He just helps to bring these core beliefs into the conscious so we can be sure to remember them when they matter the most: in the classroom, with our students.

If you need some teaching inspiration in a jiffy this is the book for you. Good points and light reading--nice to read something that validates what great teaching looks like.

Every teacher should read this book.

Every teacher should read this. Thought-provoking and fun to read.

Had heard about this writer and his ideas a lot of what he talks about is common sense but after fifteen years of teaching it is good to review what I am doing and how my results impact the kids very good read for any experienced or brand new teacher
