# Slightly Dangerous: Bedwyn Saga, Book 6

## Synopsis

All of London is abuzz over the imminent arrival of Wulfric Bedwyn, the reclusive, cold-as-ice Duke of Bewcastle, at the most glittering social event of the season. Some whisper of a tragic love affair. Others say he is so aloof and passionless that not even the greatest beauty could capture his attention. But on this dazzling afternoon, one woman did catch the duke's eye - and she was the only female in the room who wasn't even trying. Christine Derrick is intrigued by the handsome duke...all the more so when he invites her to become his mistress. What red-blooded woman wouldn't enjoy a tumble in the bedsheets with a consummate lover - with no strings and no questions asked. An infuriating lady with very definite views on men, morals, and marriage, Christine confounds Wulfric at every turn. Yet even as the lone wolf of the Bedwyn clan vows to seduce her any way he can, something strange and wonderful is happening. Now for a man who thought he'd never lose his heart, nothing less than love will do. Contains mature themes.

ASIN: B06Y2KVKVM

Best Sellers Rank: #134 in Books > Audible Audiobooks > Romance > Historical #829 in Books > Romance > Historical > Victorian #1268 in Books > Romance > Historical > Regency

## Customer Reviews

The last of the Bedwyn series, and really the best in my view. Poor Wulfric has watched all of his siblings find happy marriages, and never really believed it was possible for him. He was brought up with his duties as head of the family, and had to assume them much too young. But he meets his match here.

The perfect ending to a beautifully written and emotionally healing (for me) series. It seems natural

that the series ends with the head of the family, Wulfric, who has appeared in each of the other novels, to have his story told as the final installment. I love Mary Balogh's writing style and approach to dealing with Life's issues. If she wrote it, I'm reading it.

I have now finished all of the "Slightly \_\_\_\_\_" books and have really enjoyed each one. I especially appreciated the novel surprise conclusions which the author came up with for each of the books. My favorite was the last one about the "stuffy" head of the family which included many laughable moments!

Out of all the "Slightly" books, this one is my favorite. After reading all the books in the series, I was thrilled to see the toplofty Duke of Bedyn fall in love and finally have his HEA!! Mary Balogh is one of my favorite authors and "Slightly Dangerous" is one of the few books that I've reread over and over again!!

When a book has this many raving reviews - and you want to give it another one - what can you really say that is helpful to potential buyers except for: READ IT!! It was an amazing story with an extremely lovable heroine. She was so nice and helpful to everyone but kept landing herself in trouble because she wasn't refined and often jumped into helping instead of standing back and letting someone else do it. This was a heroine you just had to adore. The hero was also someone you had to love - because he wasn't lovable at all. He didn't smile and was very much THE DUKE. But, of course, as a romance reader it's amazing to see icy heroes melt with the help of the heroine. This book is the conclusion of a series and is also tied in with other series but it can easily be read as a stand alone. I'd not read any of the other books in the Slightly-series and only two other books by Mary Balogh (I'll be mending that error now, though) and it was not a problem at all. Highly recommended!

I loved this book. I read Mary Balogh's much praised Slightly series in order, and this, Slightly Dangerous, is my favorite; though they are all good. My attention was held from cover to cover. It may not be quite as intricate as the other books in the series, but the writing is masterful, and the reader derives a lot of satisfaction from the conclusion of this family series, where the impassive, undemonstrative head of the family finally falls in lust, then falls in love.

With a wonderfully refreshing heroine and a hero we have loved through five earlier books, this story

is the best this author has written. A perfect plot, great scenes and cast of characters that make for a book that sweeps the reader along. Never slow, never too introspective or repetitive, and beautifully tender, this is almost a flawless romance. I wish I could give it six stars

This is the last in the series of the "Slightly---" books by Balogh and my all-time favorite. I have re-read it many times and this is a reorder because my other copy fell apart. One should read the others in the series first to understand all of the personalities of each member of the Bedwyn family who are included in this final story about the head of the family finally attempting to find love. I consider it a "Must read" but only after reading all of the others preferably in order!
