# One-Punch Man, Vol. 12

## Synopsis

Life gets pretty boring when you beat the snot out of every villain with just one punch. Nothing about Saitama passes the eyeball test when it comes to superheroes, from his lifeless expression to his bald head to his unimpressive physique. However, this average-looking guy has a not-so-average problem—he just can't seem to find an opponent strong enough to take on! At the martial arts tournament, Suiryu of the Dark Body Art shows promise with his outstanding strength. But outside the stadium, a large number of monsters are pushing the heroes, even Genos, to their limits! Back inside and unaware, Saitama approaches his match against Bakuzan!

## Customer Reviews

Manga creator ONE began *One-Punch Man* as a webcomic, which quickly went viral, garnering over 10 million hits. In addition to *One-Punch Man*, ONE writes and draws the series *Mob Psycho 100* and *Makai no Ossan*. Yusuke Murata, a highly decorated and skilled artist best known for his work on *Eyeshield 21*, won the 122nd Hop Step Award (1995) for *Partner* and placed second in the 51st Akatsuka Award (1998) for *Samui Hanashi*.

still the best anime series I ever read. the hero is fun, the fight effects are great and everyone's clueless about the hero's power.

Great manga!

The carnage continues in One Punch Man volume 12. The fighting in and outside of the ring is getting intense. As the martial arts tournament continues we are getting down to finals. Of course Saitama continues to breeze through his opponents. But what is very interesting is seeing how the other heroes who entered stack up compared to the other fighters. A few results of the fights surprised me. Outside the tournament the monster association continues to wreck havoc on the world. Their propose for the attack is mystery but one thing is for sure casualties mount on both the Heroes and Monster sides. Who will be left after all the dust has settled. And of course the wild card of Garo to hunt strong opponents. The artwork of the fights has an amazing amount of motion to them. One Punch Man continues to be a visual treat. Though it should be mentioned there is a fair amount of gore with a few monsters defeat. So you have been warned. This was another good volume for One Punch Man. Slowly all the combatants are meeting in the same place. Who will remain? We will just have to wait for the next volume.

Still my favorite manga to read. The anime (which is available on Netflix and daisuki.net & now blu-ray) helps give voice and music for me when I'm reading. Can't wait for next season; but the manga helps.

One is doing fantastic work. Issue after issue had been amazing to read and experience. Only wish the English translation would arrive sooner.

Compared to the other volumes so far, this one seemed super short to me. I guess it's because I expected certain things to happen, but instead of happening in this volume, they're going to in the next. Still worth the buy as always :3

Solid comic by any metric. Start from the first volume and enjoy. Simple, excellent execution. The art is near perfection.
