## Customer Reviews

The music is fun to play and it printed big enough so that it is easy to read. The music is very basic so it is perfect for all levels of ability.

This product was purchased as a "fun" book for a 2nd year trumpet student to use for practice over the summer. It has been perfect and kept him excited about practicing through the summer. The accompaniment CD is very high quality.

Great for those that love the music from the movie and looking for something that's fun with some challenge for an intermediate trumpet player.

I got the for my brother. He says that the music lay out is good and enjoys being able to play music from a movie he liked
