Famous Trains (Dover History Coloring Book)

Synopsis

Train buffs and colorists will love adding their own hues to this fine fleet of luxury railway cars--from the elegant cars of Europe's Orient-Express, which catered to passenger comfort with deluxe dining and sleeping cars, to America's Super Chief that ran on a transcontinental route between Chicago and Los Angeles. Thirty drawings depict the interiors and exteriors of such famous trains as the multicolored cars of the Hiawatha, a passenger line traveling between Chicago and Seattle; the observation lounge on the Burlington Zephyr; and a sleeping compartment on New York Central's famed 20th Century Limited.

Customer Reviews

Person I gave it to loves it, and it doing gorgeous work on it. A great cross section of beautiful famous trains with some interiors.

Coloring book for adults, I like to trace them, then color in the tracings. Great passenger trains are what are pictured.

Son (6-year old) loves it. Lengthy captions below the drawings make for interesting bedtime reading.

Awesome book to color and to frame for kids. I enjoy it.

very nice with lots of information about the trains as well as detailed coloring.

When I first opened Famous Trains, I was disappointed. As a long time Model Railroader, I tend to be very detailed oriented. Bruce's treatment of the various running gears at first disappointed me. But when I examined the pictures in their total context, I must say that I am very satisfied with the product. Bruce gives us inside and outside shots of each featured train including some pictures with passengers, adding new challenges to the coloring activity. I use pencils -- mostly Crayola and Rose Art, and one set of pictures can keep me busy for several hours.

Nice colouring book. One of the corners was pretty beat up, when I received it. Unfortunately, I had no time to return as it is a gift and had to go back in the mail, immediately. Maybe keep an eye on the packaging next time.

awesome
