Making Him Wait: Erotica On A Canvas Of Bondage And Discipline!

Synopsis

Maddie Templeton has always been an unconventional artist. Themes of submission and domination pulse through her erotic artwork. She happily explored these lustful themes on and off the canvas and, when Theo Hunter enters her life, Maddie sets out to test his resolve as she teases, torments and toys with him!

"Making Him Wait" held me captive, made me blush, had me yearning for more before I was even ready to let the previous chapter go. The story unfolds dripping with eroticism, every character wantonly submitting to Maddie's artistic, commanding eye. Erotica's "Queen of Kink" has nailed the freedom of Kink, fearlessly. Kay Jaybee writes with a masterful insight and sucks her readers into the fascinating domain of domination and submission. A realm where one's words must be listened to very carefully and choices are empowering. ~ Rose Carawaythekissmequicks.com "The Kiss Me Quick's" Erotica Podcast "The Sexy Librarian" Erotica Podcast

Never want to play the waiting game with Matty LOL but the story was HOT I defiantly recommend the book I don't know if I have what it takes to model watching must be fun !

Maddie has gifts: the trompe-l'œil technique of the portrait artist and the rare ability to connect with her sitters, psychologically, like a therapist, sexually, like the kinky tart she secretly is. And Maddie has another talent: as a domme with a chest of drawers that contain "every instrument of domination and submission imaginable." Then, there's Theo, the sex oozing from every pore electrician whose text messages send currents of buzzing pleasure to all the most sensitive places. Artist, lover, dominatrix, Maddie has sculpted from her surroundings the perfect life and Kay Jaybee in 'Making Him Wait' the picture-perfect set up for an unhurried, well-written, hugely entertaining, multi-media journey into classy erotica. For men, women, whatever your fancy, Mistress Jaybee guides you through her Chinese puzzle of a plot in a way that stole my breath and made my underarms tingle. Driving the action is Maddie's big break with a show at a major gallery, heightening the tension as she shamelessly seduces her models and produces portraits that capture the very essence of sex. Mesmerising, thrilling, word perfect, a triumph.

"It is a widely held belief that being a prick-tease is a bad thing. But is it? You could argue that it is fun. That it is a welcome form of flirtatious attention and that, for some, being a prick-tease is the very essence of power." Hailing from across the pond, the beautiful and fearless Kay Jaybee, has proven yet again why she is England's hottest export. Her work has been featured in countless anthologies, including four solo ones of her own. She's a seven time contributor to The Best of Women's Erotica and Best Bondage, author of the novella Not Her Type, as well as having two previously published books under her belt, The Perfect Submissive and The Voyeur. Making Him Wait (published by Sweetmeats Press) is her third full length novel. For a full list of Kay's naughty bedtime stories visit her website at kayjaybee.me.uk. Kay Jaybee is an erotic provocateur, a self-proclaimed BDSM specialist, whose well written and carefully crafted narratives focus mainly on exploring the darker side of sexy. Her latest publication, Making Him Wait, is no exception. Even the cover is a sensual tease! Inspired by the drawings of Kay's dear friend Mayo, (a full gallery of her artwork can be found on Kay's website) the premise of this pulse pounding tale centers on the concept of self-discipline and restraint. How long can one suppress their urges and desires? And in the end, does the waiting make it worth the while? Maddie Templeton, the lead character of this lustful story, thinks so. For her, the waiting game is her favorite game to play. Maddie is not only an artist with paint spattered jeans and charcoal smudged fingers--the creator behind a studio filled

with erotic themed masterpieces--she is also an artist of a different kind: an artist of self-control. Upon each canvas, within each sculpture she brilliantly captures and reflects sexual fantasy; a talent that does not go unnoticed by Theo Hunter, a handsome electrician hired to fix the studio's lighting. Unable to resist the look in Theo's hazel eyes, Maddie decides to test his resolve, convincing him to pose for her. She then strings him along, building the sexual tension between them through delay and denial, promising him rewards for his patience and good behavior. But will Maddie's teasing prove to be more than he can handle? Or is Theo up for the challenge? As Maddie pushes Theo closer and closer to his sexual limits, he decides to take matters into his own hands, surprising Maddie by turning her own game around on her. This gives a certain cat and mouse quality to their sexual sparring, leaving the reader to wonder who is really controlling who. Complicating matters further, Maddie has been given a once-in-a-lifetime opportunity to showcase her work at The Stripped Banana, a very prestigious gallery in London. Excited, yet rushed for time, Maddie must produce twelve new pieces of art within eight weeks! Not to mention a special surprise piece just for opening night. She recruits her models, or erotic muses, to help her complete this monumental task, including her beautiful nightmare of an ex, Tania, who happens to think she is God's gift to modeling. Maddie's form of payment is unconventional, yet very pleasurable, providing her models with sexual rewards rather than money, and all are more than willing to put in the long hours needed to get the job done. With everyone so eager to please, Maddie holds all the strings, like a grand puppeteer, but how far can she push them without pushing them away? How long will they submit to her demands? And how long can Maddie ignore her own growing needs? The story's climax coincides with opening night at the exhibition, when everything comes to a head. It is an explosive night that will leave you breathless, panting, and dying for more. The most enjoyable thing about this book is how it continually left me sitting on pins and needles, waiting on the edge of my seat, along with characters in the story, to see what would happen next. It seems Miss Jaybee knows how to tease her audience every bit as well as she teases her deliciously sexy characters. This book is made all the better because the sexual tension has a chance to build itself up first, instead of jumping right into it. Like for Maddie, a bit of waiting for the reader makes the climactic moment that much sweeter. The sex scenes are HOT and very imaginative, nothing same-old, or boring here. They are fantastical enough to create an amazing work of fiction, yet realistic enough to make you wonder at the possibilities. In short--they will keep you turning the pages, they will make you blush, and they will leave you squirming comfortably, or perhaps uncomfortably in your seat. My advice, don't wait to read this book. Originally published and oystersandchocolate.com

Maddie Templeton is an artist whose work has evolved over her career until she is currently doing erotic works. She helps people overcome their sexual insecurities by putting them in erotic poses while she paints them. Sometimes those sessions end in orgasm, sometimes the model is made to wait. The anticipation, as well as the wonderful art, keeps them coming back to the Dominant artist. After deciding she needs some lighting installed, the electrician who shows up is handsome, hot and more than fascinated by her work. Maddie decides he's perfect for her to dominate and when Theo doesn't tell her to take a hike, not only allowing the domination, but upping the stakes, she thinks she may have found the perfect man for her. When Maddie is invited to showcase her work at a hot gallery she has only a short amount of time to get together 12 pieces to show. Working with her models and Theo isn't going to be enough to get the job done. She has no choice but to call her ex lover, Tania to help. Tania may be a real pain in the behind, but she can hold a pose forever. It's a race against time to get all the pieces completed before the show and keep her sexually charged models under control. Will she succeed? Or will she fail? This was one hot story!

Well-written and fast-paced with well-developed characters I felt as if I was right there experiencing it all firsthand. The book is filled with a wide variety of hot scenes and the emotions spill across the page. I also enjoyed seeing the many mediums an artist can use to showcase their talents. Not being an artist myself it was interesting to see Maddie create her pieces. Not just because they were so very hot *fans self*, but because they were so varied and fascinating. Kay Jaybee paints a most visually delicious story to be sure! *Book source ~ Many thanks to Sweetmeats Press for providing me with a review copy. Please see disclaimer page on my blog.
