Be Delivered (Exodus): Finding Freedom By Following God (The BE Series Commentary)

Synopsis

“Getting free is only half the story” Freedom is a central theme in our world. It™s become a rallying cry for people, groups, even entire nations. But freedom without boundaries can be costly. Based on the book of Exodus, this study offers an eye-opening look at the pitfalls of deliverance without discipline, and shares the freedom found through a loving submission to God and His will for us. Part of Dr. Warren W. Wiersbe™s best-selling “Be Delivered” commentary series, BE Delivered has now been updated with study questions and a new introduction by Ken Baugh. A respected pastor and Bible teacher, Dr. Wiersbe explores the need to balance freedom with responsibility. Filled with real-world examples that resonate today, this study uncovers how you can experience true freedom in [every area of] your life.

In California, during the years of the Gold Rush, a man dug into a hillside...for years. He spent all his

time, spent all his money, and spent himself emotionally, digging for that most loved of all wealth: gold. Eventually exhausted, he gave up. He finally sold this mine, and left California. The fellow who bought this 'dead' mine, dug less than two feet into the hill and hit, yes, you guessed it, gold. A huge vein that yielded years of golden wealth. Thought you knew Exodus? Me, too. But methinks we have quit digging too soon. Wiersbe takes us that extra two feet into the Mother Lode. As he leads us into the Exodus Vein, he drops us innumerable golden nuggets he's mined from the entirety of both Scripture as well as other sources. Yet he's somehow managed to make this 'work' a delight, a willing 'read' if you will. At the end of each chapter, Wiersbe adds questions for personal or group thought. Don't overlook these, if you are reading alone. Dig here, too. Go the extra footage and let God show you some gold. Risk answering the questions before the Lord. He'll lavish you with gold that you might otherwise miss.

Warren Weirsbe is my favorite commentator. He is true to the Word of God in his analysis. The Exodus commentary is a Spirit filled and directed teaching guide. God's amazing design in fulfillment of His promise to Abraham to multiply the Israelites is honored and expounded in a way that brings the reader into the very presence of the Great I AM! Thank you Dr. Weirsbe for leading me to Holy ground and causing me to worship my Glorious Lord. Karen ..BSF Teaching Leader

Warren Wiersbe is one of the greatest Bible Teachers. His commentary in this book is easy to understand and provides great insight into the passages and gives practical information that you can take away and apply to your own life.

I am a fan of Wiersbe commentaries. This particular one on Exodus is no exception. He divides the scripture into chunks that you can read and delve into without being overwhelmed. I appreciated how he introduced us to Exodus and gave us the pertinent information without bombarding the reader with boring details and facts. After taking the time to read the Bible with the commentary I feel I won't ever look at Moses or the Exodus the same again. I got a fresh insight and perspective that has helped me to understand other parts of the Old Testament, but also how Christ illustrates a lot of the symbolism found in the OT.

I have used several of Warren Wiersbe's "Be" books for my own personal Bible Study, and as a reference for teaching a Sunday School class. As always, Warren Wiersbe makes Scripture come alive. He writes so the layperson can have an understanding of God's Word. I highly recommend

this book for a personal Bible study and group study.

Mr. Warren's commentaries have been such a blessing. As I read the Word of God and then his take on scripture - my understanding of Biblical truth is heightened. I am so excited to have come across the readings of Mr. Wiersbe - the study of the Word of God will never be the same again!

Excellent theology. Wiersbe is easy to read, understand and apply to one's life. His writing style is for everyone - a great read - highly recommended.

Excellent read and teaching material simple and in-depth at the same time
