My prayer is that God will use his story to impact many more for a life of service to the King. --from foreword by Franklin Graham

-I am proud to have known Ernie and grateful to have called him my friend. For me he was, and always will be, a true model of Christian servanthood. My prayer is that God will use his story to impact many more for a life of service to the King.- --from the foreword by FRANKLIN GRAHAM

-Lord, I don't know what you want me to do. But whatever you can do with my life, here it is!- When Indiana farm boy Ernie Steury uttered this prayer at the close of a church service in 1948, he could never have imagined how God would use him to build one of the most successful medical mission facilities in the world. This compelling biography recounts Ernie's remarkable life and ministry as a medical missionary in Tenwek, Kenya. Raised in America's heartland, Ernie studied to be a medical

missionary at Asbury College and Indiana University School of Medicine and then answered the call to Tenwek in 1959, where he founded Tenwek Hospital and built it into what is widely recognized as one of the premier mission hospitals in the world. Ernie's adventures in Kenya include pincher ants, an angry gorilla, and witch doctors. Cultural superstitions about surgery and other common medical treatments such as blood transfusions; limited human and medical resources; and facilities that, for many years, were inadequate to meet the needs of the thousands who came for help--all were obstacles Ernie overcame as he healed bodies and sought to change lives through the ministry of the gospel. This account of exemplary faithfulness, spiritual wisdom, committed discipleship, lifelong obedience, and genuine compassion will inspire readers to follow Ernie's example as dedicated servants of a loving God who is anxious to show the world what great things He can accomplish with an individual totally committed to Him. -Ernie's is a compelling story with themes that grip your heart. His humility, faithfulness, and dedication to evangelism inspire and convict.-

Wow! What an amazing story about an amazing ministry and an amazing man of God! You have got to read this book. Today, Tenwek Hospital in Kenya, Africa is a top-notch hospital, helping to relieve the suffering of thousands of Kenyans. There are some pretty wonderful stories in this book. Some will bring tears to your eyes, and others will have you truly laughing. You will thank God for the main character in this book, Dr. Steury, although he would say, 'no - it was all God. We treat, God heals.'

Rarely have I read a book that moved me emotionally and spiritually as this book about a saint on earth, Dr. Ernest Steury. This man had unbelievable stamina and faith that motivated him to take on challenges that defeated most people who tried to follow in his footsteps. I wish I could have met this wonderful man; his life made a difference that goes on today at TenWek Hospital in Africa. If you don't read another book this summer, read this one. It will leave you rethinking your own journey in life.

Of interest to me because one of my doctor's here in CO. has done missionary work at this hospital on two occasions over the years. Haven't finished reading the book yet, but i've enjoyed what I've read so far.

Lots of gold nuggets for faith!

What Dr Steury did at Tenwek WAS a miracle! I was so inspired by what one obedient man was able to accomplish for so many. I loved all the medical details.

This book gives the reader an inside look at the reality of working to become a missionary and the devotion to people it takes to win souls. The story also shows the difficulties and joys of helping people and the appreciation of those who receive both physical help and attention to matters of the soul. It is a good read and informative.

You don't even have to be a christian to love this book. This book is absolutely soul inspiring. I have friends working at Tenwek now who recommended it, I had never even heard of the place. It's so incredible to see how this hospital began and how one man inspired so many to make it what it is today. Fabulous read!

I was at Tenwek for 7 weeks in 1977 and have been totally delighted with this book!
