After losing my beloved cat, I bought 3 books by the author. They were 1) Pet Loss, Afterlife & Pet Life After Death: Answers for your Heart's Pet Loss Questions! 2) "I'm Home!" a Cat's Never Ending Love Story: Pets Past Lives, Animal Reincarnation, Animal Communication, Animals Soul Contracts, Animals Afterlife & Animals Spirits 3) Animal Reincarnation: Everything You Always Wanted to Know! about Pet Reincarnation plus "how to" techniques to see, feel & communicate with your deceased pet I received all 3 books today and returned all 3 books. It turns out the book 1 Pet Loss and book 3 Animal Reincarnation were EXACTLY the same book - just two different titles. And the book didn't attempt to answer any questions, it just posed questions. It was very disappointing. Book 2 did have some different content, but it also contained much of the same info as found in book 1 & 3. . .

A few days ago my one year old Jack Russell was shot and killed while innocently drinking from a pond. In my devastation, I found Brent Atwater. This book has opened my eyes, my heart, and my soul to amazing possibilities. A lot of people may scoff at the idea of pet reincarnation, but as I read each page something deep inside me stirred. With every word I read, I could feel my grief slowly transform into something beautiful. HOPE. If you are experiencing the loss or illness of a beloved pet, this is a must read!

Today I finished Brent's book Animal reincarnation, I am already starting it again, my son Jesse (he is 12) is almost done with it too, I have to say those of you who come to the facebook page for this book or any of Brent's pages or sites should know how lucky we all are. The loss of my Bandit (18 yr old chow chow) was as heart breaking as anything I have ever experienced but the site, pages and especial this book, this loving and soulful guide (and it is just that a guide) has opened my eyes and heart to what has always been there but now seems more real and justified. I take comfort in being able to communicate with my pet's spirit and knowing she plans to return to me and my son. Thank you Brent Atwater much love to you Animal Reincarnation: Everything You Always Wanted to Know! about Pet Reincarnation plus "how to" techniques to see, feel & communicate with your deceased pet

Animal Reincarnation: Everything You Always Wanted to Know! about Pet Reincarnation plus "how to" techniques to see, feel & communicate with your deceased pet! I have had animals around me all of my life, mainly cats whom I have adored. 5 years ago I came across a puppy who turned my world upside down. I named him Joey and he lived for 4 short years, dying from a sudden massive spread of cancer after struggling with pancreatitis intermittently for 2 years. He was the joy of my life - and I 'knew' him, understood his soul, his thoughts and his feelings. The very day he died, my world collided with grief and my first thought was 'how do I connect with his soul?' and 'can I bring his soul back into another animal?' I had always believed in reincarnation for humans, so why would it be different for animals - reincarnation is about souls and their energy. The search led me to Brent Atwater's websites, books, blogs and support groups. When I read some of the posts in the group, it was like a light 'came on' and I realised I was not alone in my thoughts and prayers. I ordered the paperback the very next day and waited about a week for it to arrive. I still prefer paper back as I can carry it around with me and read it wherever I go. I read the book from cover to cover at least three times, each time gaining more knowledge and understanding. It filled me with hope initially, but then the hope changed to 'knowing'. I have soul mates in two of my cats that have been with me in one form or another since 1983. My boy Joey is returning to me in the next few weeks. No one can know everything about what happens in transition, rebirth or death - but Brent knows and 'feels' as much as a soul can. She has too many testimonials to mention, myself being one, and I share her mission in life to bring about more awareness that reincarnation is a beautiful and simple part of God's plan. Anyone who is suffering grief and loss and has any questions - should read this book. After this book I then bought [[ASIN:1463578245 "I'm Home!" a Dog's Never Ending Love Story: Animals Afterlife, Pets Soul Contracts, Animal Reincarnation, Animal Communication, Animals Spirits and Pet Reincarnation], again in paperback - these are stories from real people who have experienced the return of their pets and is too beautiful for words. Now I have both on Kindle as well. Beautiful books, beautiful soul is Brent Atwater and what she explains, explores and writes about is beautiful.

I feel blessed to have discovered this book. A must-read if you are in the deepest pain from the death of your beloved pet. Gave me a sense of peace and comfort. For the first time since my 16 year old soul-mate departed I feel calm and positive... Remembering the joyous times together and the so much love we shared, and I smile now knowing that she's right here next to me. Thank you, Brent Atwater. ©

This is a wonderful book, so full of knowledge, hope and incredible information. After losing my most precious dog, I turned to Brent, and have learned so much, and it has changed my way of grieving and opened me up to a new world. Her books are a wonderful resource and a must!

This book was a great comfort to me after my beloved pet transitioned. Just the feeling of peace and hope that it gave me made it worth purchasing. Ms. Atwater gives readers a new view on what happens when a pet leaves it's fur suit and moves on to the other side.

An excellent perspective on the reincarnation of animals. Easy to read and absorb. Thanks, Brent Atwater, for writing this book and continuing your facebook page for those who have lost animals. I firmly believe in this concept and this book has only solidified what I have "known" all my life.
