Moonlight Druid: A New Adult Urban Fantasy Novel (The Colin McCool Paranormal Suspense Series Book 3)

Synopsis

When a fae child goes missing, Colin is hired to bring him back. Now he has to crack the case, all while learning to control his shifter abilities under the watchful eye of the local werewolf alpha. But with half the pack against him and enemies at every turn, will his next misstep be his last? MOONLIGHT DRUIDA New Adult Urban Fantasy Novel From M.D. Massey Book 3 In The Colin McCool Paranormal Suspense Series

The nameâ™s Colin McCool, but some call me the Junkyard Druid. Iâ™m just your typical college student, living under a nasty fae curse that turns me into something unholy and deadly at the worst possible moments. Like I said, typical. Lately Iâ™ve been taking odd jobs in the supernatural community, solving cases and hunting down things that go bump in the night. But this last job has really thrown me for a loop. A fae child went missing, and Iâ™ve been hired to bring him back. The good news is, the local alpha is teaching me how to control my ability to shift into that other, darker side of me. The bad news is, the deeper I get into this case the more twisted and sinister it becomes. Letâ™s just hope I can learn to control my Hyde-side and rescue that child... before the darker side of me takes over for good.

Customer Reviews

I enjoyed this story which was the first one I have read in this series. It is not classic writing for sure but it is a fun read and good distraction. The author has a good humorous approach to his plot and does offer some new twists on his fae lore. Breaking up a child sexual slavery ring in Underhill was certainly something new in my fantasy reading and he carried it off well. I found it good enough that I will go back and read the first two books in the series.

I can't wait for the next book in this series! I love that it is set in Texas, we certainly have enough other worldly action here that this story line just feels natural and at home. McCool, that says it all!

I absolutely love this series. With the tragedy and the main character always in trouble. This book really reminds me of the Dresden series by Jim Butcher. Not to mention the Queen of the fae pulling the strings. This book is a great book I highly recommend this book!

Liked the characters, lot of action. McCool is just that. Will be waiting for the next installment...if you like supernatural creatures you'll love this series.

Not bad, not bad at all. Characters are likeable enough, if a little too contrived in the flippant dialogue. I enjoyed the music and movie Easter eggs. A nice solid lite read.

Mr. Massey is showing his story telling maturity in this, his third Druid book. Nicely written, kept me interested and invested in the characters to the surprising ending (never saw that coming).

Anxiously await the next installment of the Druid series and Colin McCool.

Follows the tradition established in the first two in the series. Intense, page turning. I didn't want it to finish. Looking forward to number 4.

Hard to beat a Celtic tale for sheer chaos and entertainment value. This druid has those elements in spades! Looking forward to the next book.
