Customer Reviews

BLACK'S is THE LEGAL DICTIONARY to have. The thumb-indexing makes it easy to use, but the outstanding efforts made in its' writing makes it THE legal dictionary to have. Fantastic for courses AND Bar review.

A definite must read for those that long and thirst for knowledge!!!!!!!

The book was not in good condition. I also was expecting an edition that was more recent than 3rd edition. I was not able to use this as the gift I intended because it was so old. I didn't think to ask how old it was but it should have been Mentioned in the details.

The formatting is messed up in a way that I can't even begin to comprehend, honestly. The sentences will break off right in the middle and continue halfway down the page. Like a Shel Silverstein book with more Latin.

It was in "fair" shape. It has unique definitions for specific words I needed to define in a court situation (which didn't do anything to aid me).. But it is in fair shape if I need to sell it at some point, or give as a gift.. It came on time.

This book is pretty much necessary for anyone wanting to study criminal justice or criminal law. It has saved my butt so many times while briefing cases, and it quite comprehensive and easy to understand.

Every legal translator should have one

Great
