Customer Reviews

Turbulent Intrigue is the fourth book in Melody Anne's Billionaire Aviators series. Though it can be read as a stand alone, I would highly recommend the entire series. Each book in the series features one Armstrong brother and are filled with action, suspense, romance and combustible chemistry. I have to admit, I have been looking forward to the release of this book because I was dying to know more about Ace Armstrong, the main character. Melody Anne more than met my expectations with this incredible story. Ace Armstrong has been in the CIA for the past decade. He has been forced to distance himself from his family, for their safety. He did whatever it took to make this happen, but he always kept tabs on his family, no matter what they thought of him. After finally closing the case

he had been working years on, an injury forces Ace to go home. The last thing he expects is to meet Dakota, his sister-in-law's best friend. Dakota is the only girl in a family of five children. Having four older brothers has taught her a thing or two on how to handle a man, by not putting up with their antics. Her experience as a cheerleader for the Seattle Seahawks has also come in handy. She has heard of Ace for some time and from what his family has told her, she is intrigued. One of my favorite things about this entire series is Ace's Uncle Sherman and his meddling antics. I love how Melody Anne featured this at the end of the book, making me hope that this will not be the last I hear from him. He is a character that wormed his way into my heart and I am not ready to let go of. I can't wait to see what Melody has in store for us next! PS- The audio version of this book only enhances Melody Anne's talent as a writer. Teri Clark Linden kept my interest and made each character come to life.

I haven't found a book by this author that I haven't loved! I couldn't put it down! Ace was the mysterious brother, no one knew what he had been doing when he left his family. His brothers were worried that he was on the wrong side of the law, little did they know that he was working for the CIA. Numerous times when his brothers were in trouble he was there in the shadows. When his mission was over he was with his family for Nick's wedding, he figured he'd be on another mission after the wedding, little did he know that he would meet Dakota. She was a spit fire woman who brought him to his knees. Their adventure was wild and dangerous, and they almost lost! The Armstrong men fight for their loved ones! Must read!! Can't wait for another great book!! Please hurry! This was the 4th book in this series, read them in order! You will love this family and all of their adventures!! normally don't write long reviews bc I have trouble not giving spoilers! Must read!!!

Engaging, intriguing, mysterious, dangerous and emotionally gripping action filled romantic adventure that keeps you reading from beginning to end not wanting to come up for air. Perfect ending to a highly entertaining series. Ace Armstrong is sexy, brooding and so very mysterious. Dakota Forbes sexy, sassy female pilot best friend to his new sister-in-law. Sparks fly between them from the beginning but Ace is resisting the attraction as he sees her as off limits due to the family connection. Ace's past also come back to endanger him and all he hold dear. Heart pounding twists and turns in this highly entertaining read.

I read the first three books in this series one right after the other since I had just discovered this author. They were addictive. I really liked the three brothers and their ladies and pre-ordered this

one. Ace and Dakota are an interesting couple. The more I read, the more I liked them. And, having Ace's brothers and their wives be a part of this story (the last one in this series) made it feel like I know these people. Family is important, and Ace has a better appreciation of that after reconnecting with his brothers and finding love with Dakota.

An amazing, intense, exciting, full of drama, so much love of a family, yet someone is out there hiding to take away some of those happier times. Ace the brother everyone thought was up to no good, returns, his family only to find out his has been assigned to an undercover op, dangerous, finally ended. Dakota good friends with Chloe, his brother Nick' wife, so Ace and her meet at Chloe and Nick's wedding, and the attraction is on. Get ready, lots of sparks, lust, so many unexpected twists and turns, awesome story!!!!

I won the book from Goodread's giveaways. I wasn't required to give a favorable review. This book keeps you on your toes the whole time. Ace walked away from his family and worked with the CIA. A injury during the closing of his 4 year undercover brings him home and in time for his brother Nick's wedding. Dakota is a cheerleader for the Sea Hawks and it is her last year. She wants to learn to fly, she is also the Maid of Honor, Ace is the Best Man. It starts a very good story.

Beautiful and lovely end to a wonderful series. Dakota and Ace..perfect combination, explosive mix and tantalizing chemistry. Dakota is such a kick ass. I loved her spirit and sass. Not one to be a coward, she really stood out in this book from the beginning of the first chapter. Ace Armstrong..typical overprotective alpha. Great match..felt so much chemistry between him and Dakota. Can't wait for the Forbes brothers next.
