Theology Of The Body For Teens (Student Workbook)

Synopsis

Every day your students are thinking about their sexuality as they are searching for meaning in their lives. Young people today need a program that helps them understand the significance of their sexuality and the purpose of their lives. *Theology of the Body for Teens: Discovering God's Plan For Love & Life* is the program you've been waiting for! Pope John Paul II's revolutionary *Theology of the Body* is changing lives around the world through its positive portrayal of our sexuality as a good and essential part of love and life. *Theology of the Body for Teens* brings this exciting teaching into a practical format of 12 lessons that teenagers will enjoy and understand. This program takes the two hottest topics on the planet God and sex and marries them through Pope John Paul II's compelling vision for love and life.

Love the TOBT Used the program in the past and am ready to use it at our new location. Such a wonderful way to teach our children the value of what they have. The Program is engaging to the children, involves the parents, and is thorough... it cites PJP II and his encyclicals and CCC as well as scripture and life. Recommend purchasing ALL parts of the program for use... although states they are out of print, they are still available and printing through TOB's website.

Excellent program for high schoolers 10th and up. Or 8-9th graders in serious relationships.

This is an excellent overview of the teaching of Pope John Paul II on the subject of the morality of

teenage sexuality. This provides a solid foundation to establish the clear and concise teachings of the Catholic Church with regards to spirituality, virginity, abstinence, chastity, birth control, divorce, etc. The layout of the chapters is teen-friendly with a deep respect for human dignity. I have had tremendous results with the course thus far. My only regret is that as a teacher and as a parent that this course wasn't available sooner.

This was a gift

went to a meeting put on by our diocese and was very impressed this book was recommended and so I ordered since they were sold out.

Theology of the Body for Teens is an awesome look at the Catholic Church's teachings on faith and sexuality which is taught in a way geared for the average 9th-12th grader to understand. It includes many discussion points and movie references from nearly every genre, but the heart of the program (yes, there are also DVDs, leader materials, and a parent's guide) leads the teens on a journey of self-discovery both in their faith and sexuality. It does discuss such topics as homosexuality and pornography, but not in a shameful way. I used this (as did the 39 other parishes in my Diocese) as the first year in our two-year Confirmation sacramental preparation. I highly recommend that you learn more about the program and consider using it. See [...] for more info!

I order this for my daughter for school. The book arrived On time and the item was just as described on the site.

Cheryl Stinski - Great workbooks - well written and appropriate for the age. Can't wait to use them with the students.
