Customer Reviews

I have always trusted Rand McNally maps and this is no exception. I am very pleased with my purchase and I will definitely buy from this seller again.

Although we use the GPS, it is always nice to have a map as well so that you can locate rest stops, scenic routes, where might be a good place to stop for dinner, etc. We took a 4000 mile trip and I still think Rand McNally makes the best maps hands down.

Product arrived on time & is good

Great map. Sometimes, paper is best. Good detail!

Purchased this map from Wondery and looked at it for tips on things to see in South Dakota. So we now have an idea what to see when we are there next year, The map is detailed enough that we can plan trips between sightseeing.

Exactly what I wanted to help plan for motorcycle trip this summer. Great detail.

Excellent road detail with historic sites indicated.

I've always been impressed with Rand McNally roadmaps, and the Dakotas map was no exception. It was invaluable in planning a vacation trip to South Dakota. With North Dakota on one side of the map and South Dakota on the other side, at a map scale of 1"=13 miles, the maps are big and detailed. I appreciated the use of fonts that were big enough that I didn't get eyestrain from reading the map. There are plenty of extras like detailed inset maps of popular areas, intercity distances and estimated drive times, and the city and county location indexes. I definitely recommend the map for traveling in the Dakotas.
