Provence And The Cote D'Azur (Eyewitness Travel Guides)

Synopsis

DK Eyewitness Travel's full-color guidebooks to hundreds of destinations around the world truly show you what others only tell you. They have become renowned for their visual excellence, which includes unparalleled photography, 3-D mapping, and specially commissioned cutaway illustrations. DK Eyewitness Travel Guides are the only guides that work equally well for inspiration, as a planning tool, a practical resource while traveling, and a keepsake following any trip. Each guide is packed with the up-to-date, reliable destination information every traveler needs, including extensive hotel and restaurant listings, themed itineraries, lush photography, and numerous maps.

ISBN-13: 978-0756660482

Product Dimensions: 5.1 x 0.7 x 8.2 inches

Shipping Weight: 1 pounds

Average Customer Review: 4.5 out of 5 stars 6 customer reviews

Best Sellers Rank: #1,626,558 in Books (See Top 100 in Books) #92 in [Books > Travel > Europe > France > Provence](#) #2190 in [Books > Travel > Europe > France > General](#)

Customer Reviews

ET guide books have to be among the best in the industry. I have been to Provence before, but the illustrations, descriptions and info in this book are like reading a good book. I leave ET guides on my coffee table for all to enjoy. I highly recommend it. I always also travel with a road map of the region. I have my own accommodations (family and friends in the area) and they know the restaurants. If you need that type of info, then other travel guides might suit you best. I have a whole collection of ET guides and treasure all of them. Bon voyage.

It's a good guide book with lots photos, illustrations, drawings, etc. I hope it can give ranks of the places so that readers can get a priority list of where to go absolutely, and where are optional. This book can be a good assist book, if you have another one in hand. Photos are good.

I love this series of guides. They are the easiest to use and the best mark of their qualities is that

when show them to in-country friends who I'm visiting, they always try to talk me into leaving the guide with them.

Decided to augment my guidebooks (I usually get a Michelin green guide only) and found this to offer additional insight and suggestions which were valuable.

We are acquainted with Eyewitness Travel Guides. We're also quite well-acquainted with France. This is a savvy book that is important for the "traveler" and not simply the "tourist."

We took about four guidebooks to France with us, including one by good old Rick Steves, and I have to say within a week this was the only one we found ourselves using. Some say the Eyewitness series is fluff (I guess because of all the pictures?) but I found its approachability was what we needed in a pinch. And, yes, it does have nice pictures!
