Ella James has again written an amazing story. I loved reading every second of this story and she has some surprises I didn't expect. Dash and Amelia meet as children and had a connection from the start when he pulled her from his pool when she was six years old. When Dash heads off to

college everything changes between them and they lose touch until they are both adults and she finds he is her new boss. This author has an amazing way of bringing you into her story and surprising the heck out of you too. I love everything she writes and I can't wait to read more from her.

Get ready to fall in love with Dash and Amelia in this amazing second chance romance filled with secrets and will have you reading the book in one sitting. Dash and Amelia grew up together until Dash went away to college. After he comes back they share a night together and are once again separated. Fast forward two years and the second chance is staring them right in the face. Can these two finally make it work or will a secret tear them apart?? I loved every second and love Dash and Amelia both. They have amazing chemistry together. You do not want to miss this book

Good second chance story that had some twists that kept you guessing until the end. Dash has issues that he feels the need to keep Amelia away from him, that he doesn't deserve her love. Amelia loves him and wants to be with him. Some angst, sweet chemistry and dual POV make this a good read.

Amelia always had a crush on her next door neighbor; her best friend's brother and her friend as well. She never knew that he harbored the same feelings towards her until one summer night, but when he leaves without any explanation she's left heartbroken. Now, years later Dash is back in her life and Amelia doesn't know what to do about her feelings for him. Sometimes fate has weird ways of working and chooses your path to take that leads you to your person. Love it!!

This is the first book I read by this author, and it certainly won't be my last. I really enjoyed this story. The author had me engaged, and throughout the whole story, I was trying to figure out what the big mystery was involving Dash, and why he treated Amelia the way he did. And I was surprised by what it was. I really liked the characters and the writing, and look forward to reading more of this author's work.

I loved the story! I loved the characters. Amelia and Dash! They would sit on the roof with Dash's sister Alexia. They all loved each other as friends but there were much deeper feelings between Amelia and Dash. Time and circumstances separated them until now! They have to fight for what they want. I give this 4 stars.

Yes I expected a romance book with a secret. But I have never read anything like it. This book will draw you in and make you question. Great story with a good ending.

This is the one of the best books I've read in a long time. I was so excited when Ella posted the blurb on it, and I can tell you that she definitely did not disappoint. Amelia has had a big crush on her best friend's big brother since she was young, but never knew that he felt the same way because he leaves her behind. Years later she walks into her new internship to find him as her boss. ..and even more, that he's been hiding a secret from her that could tear her feelings for him apart. It's an absolutely beautiful book that I never wanted the story to end because I fell in love with the characters. Read it, and fall in love too
