# The Mountain King: Dragon Shifter Urban Fantasy Romance (Dragon, Stone & Steam Book 1)

## Synopsis

Reneging on a deal with a Dragon Lord, and become part of his hoarde. It wasn't easy raising three girls with Fae blood in the Outlands. If Kailigh wasn't busy chasing them out of the local taverns, she was busy teaching them to hunt, shoot and kill- to fight against flesh traffickers from the Cities, prowling town for girls to send to rich patrons. And now, with the youngest shot and fighting for her life, Kailigh has no choice but to petition for the help of the Dragon Lord Maddugh, King of Coal and Mountain. Only he's no fool- he knows right away Kai isn't quite human. And three girls of courting age? He's not about to let them slip through his fingers when his men are wanting for mates with even a drop of magical blood. So she'll have to strike a bargain. He'll save her daughter's life, and help her hunt the man responsible, but he has a price. A price he demands Kailigh pay in flesh. The Mountain King is Emma Alisyn's first dragon shifter urban fantasy romance, set several hundred years after a nuclear war on Earth. For readers who enjoy the following genres: Urban Fantasy Romance Paranormal Romance Futuristic, dystopian, alternative history or post apocalyptic romance Futuristic Steampunk Mountain King has a heat level of 3-4 (one to two intimate scenes with softer language.) Readers who enjoy titles from Emma's favorite authors like May Sage and Grace Draven will enjoy Mountain King. For fast paced, romantic tension in a unique setting, download now.

## Customer Reviews

Overall I liked this book. I liked the post apocalyptic Wild West world building with added steampunk elements. I liked the heroine, especially as she is a more mature woman with grown daughters. However, I did feel that in some cases she made some very poor choices because she was too busy being stubborn to think things through. Being strong doesn't always mean standing alone, it means using your resources wisely. One of the things that I did find very irritating (and this is something that frequently happens with self-published books) was poor editing and improper word choice. One example -- one pleads a case or makes a plea, one does not plight a case. Plight does not equal plea. In addition, random apostrophes are one of my pet peeves. An apostrophe indicates possession NOT a plural. And yes, I am one of those irritating people who think that grammar does matter in storytelling.

Kailigh is a woman living alone with three daughters. They live in a mining town. Their surroundings aren't exactly friendly. But these ladies are as rough and tough enough to take care of themselves. When her youngest daughter is injured, Kailigh is forced to seek help from Maddugh, the dragon shifter that controls their area. Maddugh strikes a bargain with Kailigh, which requires she and her daughters to return to his home and choose suitable males to mate with. As the ruler, he is concerned about replenishing his ranks. And these unique women are just what is needed. They are all equally beautiful, equipped with have warrior skills, honor, and prowess. Maddugh is instantly taken with Kailigh, yet she feels it's a waste of time because she has three grown daughters and has no time or want for love. Maddugh is relentless in his pursuit, no matter how Kailigh tries to resist his charm. Her daughters are as different as night and day and have strong personalities. As does Maddugh's sons. This was a great book, looking forward to the next one to see how and if the daughters choose mates.

This story is fantastic and not to be passed by. It takes place after a great war happens that opened a rift in our dimension pull powerful beings in to our world and trapping them here. The rich live in dome cities everyone else lives in the outlands. That where Kailigh raised her 3 amazingly gifted daughters. Normally no one crosses them but a flash trafficker named Ruthus wants her youngest

and will stop at nothing to get her. In the last kidnapping attempt the youngest Cinvarra was shot and she is dieing. One man/ dragon might be able to save her but at what price. Nothing is free. Lord Maddugh is a powerful Dwyarkin with 3 grown sons of his own. His people will be dieing out soon if new blood isn't found and added to his clan. When Kailigh shows up demanding his help his interest is stirred then he sees her daughters he knows why and that seals thier fate! Wow I loved this new world Emma Alisyn created. This was an amazing story it's like falling into a new universe. One you don't want to leave. It's got amazing characters, one hot dragon lord who is determined to get his lady, bad guys and more. Don't miss out on this one I couldn't stop reading! I can't wait for the other book in the series to come out! I am hooked

I voluntarily reviewed an ARC of this book. This author has an amazing talent for creating extraordinary worlds and describing them in such vivid detail that you truly feel you are there. This story takes place after a great war caused a rift in a dimension that pulled powerful beings in to our world and trapped them here. The rich live in domed cities while everyone else lives in the outlands. Kailigh raised her 3 gifted warrior-like daughters in the outlands. In a recent kidnapping attempt the youngest daughter was shot and she is dying from a reaction to the lead. One of the powerful dragons might be able to save her but there will definitely be a cost because, of course, nothing is free. Lord Maddugh is a powerful dragon with 3 grown sons of his own. His people will be dying out soon if they don't find new blood. When Kailigh shows up demanding his help he's interested and then he sees her daughters and that gives him a great idea!! I couldn't stop reading! There is a cliffhanger so I can hardly wait for the next books in the series to see what happens next!!!

The main character is a weird mix between headstrong independent mother and real woman. The line isn't flirited with very fluidly and leaves the reader jumping from one persona to the other within the same paragraph. The story line is interesting though lacks a little ironing out. More detail and background information would be helpful for setting the scene. I think this would be a great rough draft as far as amature writers go. It has amazing potential that I think a honest editor could have helped the author with. Like I said, this book was okay and had the ability to be great but it seems it was rushed to release instead of taking the extra time needed to make it great. I'll probably check back in a couple years to see how the author continues to grow.

interesting concept, a youngish woman and her 3 teenagers surviving out in the "wilderness" set in a world that fell/2 parallel realities colliding. When Kaileigh's youngest daughter is badly injured she

sets out to get the only help that could save her youngest. the dragon lord, his price as they were not quite human to be allowed to woo her and her daughters. the story weaves around the troubles of a headstrong woman set in her ways and an equally stubborn man who wants her. the story grabs your imagination and finding yourself at the end of the book before you know it. worth the read
