The Art Of Sport

Synopsis

The Art of Sport offers a striking collection of sporting pictures taken by Reuters photographers who have had the vision to see and capture extraordinary moments of prowess, drama and beauty from the world of sport. A mixture of first-hand accounts and fine imagery, the photographs in this collection bring alive some of the most colorful, eventful and memorable moments in recent sporting events from around the world. They comprise a story with many threads--action, celebration, skill, power and grace--and offer some of the most spectacular and significant sporting images you will ever see. Some will be familiar, others will jog memories, but most will be seen here for the first time, and all have a story behind them. The Art of Sport sets each photograph in context, outlining the circumstances behind the image- how the photographers came to witness these events and how they managed to document them. It showcases the two essential characteristics of the top sports photojournalist--a nose for a story and an eye for a photo.

Book Information

Hardcover: 192 pages

Publisher: Financial Times Prentice Hall (January 21, 2003)

Language: English

ISBN-10: 1903684129

ISBN-13: 978-1903684122

Product Dimensions: 10.1 x 0.9 x 10.2 inches

Shipping Weight: 2.7 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

It showcases the two essential characteristics of the top sports photojournalist--a nose for a story and an eye for a photo.

Reuters, whose origins date back to the 1850s, is best known as a news service that provides reports to newspapers and broadcasters around the world. It established the Reuters News Pictures Service in 1985, and the group has become one of the world's leading providers of photos. It employs over 120 full-time photographers and the images they capture are used by roughly 1500 newspapers and magazines worldwide. This is a beautiful book, with a wide variety of sports included : soccer, American Football, tennis, gymnastics, baseball, skiing, ice-hockey, boxing and cycling all feature. Each photo is accompanied by a short passage explaining the background to the shot. However, the pictures aren't always of the rich and famous : while the likes of Diego Maradona, Ernie Els, Michael Johnson, Zinedine Zidane, Michael Schumacher and even Ben Johnson appear, some of the better photos feature the amateurs and spectators. There's a stalker at golf's British open, herders in Tibet playing outdoor billiards and Jamaica's very eye-catching support from the 2002 World Cup Finals. There's even one from the Sumo ring that's bound to raise a smile. For me, though, the most spectacular shot was taken during Pamplona's famous bull-run. I suspect I'm not alone : one newspaper in Germany apparently ran it under the headline "How well is the photographer ?". The only photos that may put some off come from the world of bloodsports. For example, there's one from the Waterloo Cup (hare thankfully intact) and another from the bullring (featuring a very bloodied bull that doesn't have too long left). However, even allowing for that, this is still a book I would highly recommend.
