Customer Reviews

Though this book covers North America, it thoroughly covers European skiing from an uniquely English perspective. The book far exceeded my expectations at every level. The writing is extremely informative and easy to get caught up reading. Many hard to come by details are offered including: best lifts, how to readily get on the mountain, car parking, restaurants and lodging. Plus, personal experiences from many very committed, on-slope "reporters." I've skied in the US for 40 years and the book's reviews on the areas I know best were spot on -- like Vail, Summit County Colorado, Jackson Hole, the northeast. It's 704 page and well constructed, the hundreds of ski area maps and photos are first class all the way. You will not be disappointed.
