Passing The Road Test: Step By Step Guide To Passing Your Road Test

Synopsis

Pass your road test on the first try! Over 50% of students fail their road test! My all new Road Test Guide is like having your own personal driving instructor guide you through your practice. You wouldn't believe how many times I've heard students say; all my friends have gotten their license, I don't want to be the only one who fails my road test! Included in the guide are the most common reasons for failing the road test, how to deal with language barriers, general driving tips, all the maneuvers are explained in detail, 28 things you need to remember to pass your road test, also includes my fool proof method of negotiating the best price on your new or used vehicle as well as auto insurance basics so you don't wind up finding out you have too little coverage to pay for an unexpected motor vehicle accident. Passing is a matter of practice, driving skill, awareness and confidence and this guide will give you the confidence you need to pass!

Customer Reviews

I am currently looking to get my license this summer. This book is a quick read and lays out simply things that I need to know for the road test; it also includes various street situations one may encounter while driving in general and on the exam. Not only that but, this book also gives advice for life after the road test such as buying a vehicle which is very helpful for someone such as myself. I would recommend this book to anyone who is about to go on their road test and may be a little nervous like me. This is a great tool to help calm nerves and ensure that you are ready for the test but, remember, as the author writes, practice is key.

Last thing your teenager wants is another book to read, but this book is a nice easy read. Written with a common sense approach with simple explanations for things you as an experienced driver take for granted. I recommend as a parent, you read the book too since it is easy reading with many tips! This book has the detail and suggestions to keep your young driver safe. Reading it will make the difference. My son felt confident when he went for his license today based on what this book offered in addition to the basic road skills! He passed!!!

This book truly does help you with your driving skill. It shows you every step. I now know how to drive, parallel park. What the road teacher expect. Thank you it taught me a lot
