Heaven's Price

Synopsis

In *Heaven's Price* Sandra Brown has written a deliciously sensual novel of a woman torn between her career and her heart. Blair Simpson thought she had it all -- a satisfying career as a dancer, a great Manhattan apartment and no emotional entanglements. But when Blair injures her knees dancing she is forced to put her life on hold and move to Long Island to recuperate. Blair has never met anyone like her new landlord Sean, who questions her methods and her lifestyle at every turn. Yet Blair is determined to continue dancing, even if it means risking her health. What she can't see, until it's much too late, is that while she's healing her body, she's losing her heart... as Sean makes her question her most intimate beliefs--about men, about love, and mostly, about herself. Now, as professional duty and her passionate yearnings clash, she must choose the right course for them both. Sexy, touching, and deeply satisfying, here is one of Sandra Brown's classic romances available on CD for the first time ever.

Customer Reviews

After being out of print for ten years, this romance is being relaunched with great fanfare thanks to the author's burgeoning popularity. Order early; the on-sale date is the week of December 5. Copyright 1994 Reed Business Information, Inc. --This text refers to the Mass Market Paperback edition.

One of the most popular romance writers of all time, Sandra Brown has been prominently featured in USA Today and on NBC's Today show, giving her the kind of name recognition the likes of which

has previously been reserved for Danielle Steel and Judith Krantz. Her books, like the million-plus copy *A Whole New Light*, fly off the shelves in bookstores of every size and style. *Heaven's Price* follows on the heels of national hardcover best-sellers *Adam's Fall*, *Silken Web*, *Fanta C*, *Where There's Smoke*, *French Silk*, and *Texas! Sage*. In *Heaven's Price* she has written a deliciously sensual novel of a woman torn between her career and her heart. Blair Simpson thought she had it all -- a satisfying career as a dancer, a great Manhattan apartment and no emotional entanglements. But when Blair injures her knees dancing she is forced to put her life on hold and move to Long Island to recuperate. Blair has never met anyone like her new landlord Sean, who questions her methods and her lifestyle at every turn. Yet Blair is determined to continue dancing, even if it means risking her health. What she can't see, until it's much too late, is that while she's healing her body, she's losing her heart... as Sean makes her question her most intimate beliefs--about men, about love, and mostly, about herself. Now, as professional duty and her passionate yearnings clash, she must choose the right course for them both. Sexy, touching, and deeply satisfying, here is one of Sandra Brown's classic romances available in hardcover for the first time, and available to her devoted readers for the first time in more than 10 years. --This text refers to the Mass Market Paperback edition.

As usual, Sandra Brown never disappoints.

Excellent book. Great seller

Enjoyed the read.

I liked it alot Great story and book was made excellant . Easy reading and enjoyable EVEN tho I like large print better I could read this story as it was a Short Story.

This was a short story about seduction. I have nothing against seduction. I like it a lot. BUT, you have to care about the characters in order for the seduction to be touching and moving. Ms Brown writed excellent sex/love scenes, but needs to write a good story around them. Skip this book. There are many good books out there to read. Try Madeline Hunter, Mary Balough, Connie Brockway, Jo Beverley, to name a few, if you want good stories with moving intimacy.

The book was very good and I would recommed this book to my friends. Sandra Brown is a good

writer and story teller and I will continue reading her books

great easy read

I disliked this novel. Deeply. The hero is sexist from chapter one to the very end. I found very disgusting that he pretended to be the masseur the heroine was expecting. It wasn't sexy at all. It seems that the novel supports this idea: if you are a woman and love your career passionately, it must be because you have a psychological problem. Apparently, it is great if your dreams get shattered. So you can devote yourself to what seems to be the natural destiny of women, marry and have children. Not to mention the topic of the gay dancer (it is not stated, but it is obvious). Of course, it must be a tragic figure. Really? New York, 1983? And the dancers had to be in the closet? I don't find a good reason to publish again this not-so-golden-oldie. If you have a feminist sensitivity, this novel is not certainly for you. And don't tell me that all 1980s novels were sexist. It's not true. Sandra Brown's are not usually so male chauvinist.
