This Book Is Amazing It Gives You a Look At How To Plan An Amazing Holiday In Bali . What To Do If You Get Into Problems , Where To Go , What Not To Drink , Gives You Places To Visit , Gives You Stories What Bali Was In The Past And What Will Be In The Future .. But The Most Important How To Enjoy Yourself ... Excellent Book

I loved this book. It is a complete and comprehensive guide to everything you would need to know about Bali. I have been to the island upwards of 30 times since first travelling there in the late 70's and thought I had it covered but Clare's book was a font of new information for me. Well done.

I enjoyed reading this account... The chapters were well organized into important topics and the author covered the relevant information well. It would have gotten 5 stars if there was a table of contents so that you could jump to the chapter you wanted. (I have the e-copy... Maybe the paper version has a table of contents.). I am looking forward to our upcoming trip to Bali!

A vital information guide for all people planning and whilst on a trip to Bali. Easy to read and find information. A recently written book, so the information is current. Don't bother searching the web for out of date and often misleading information. Buy this book and you will have everything that you could possibly need to know, at your finger tips.

Clare McAlaney has provided an exceptional book, I have not yet completed reading it but have already gained a huge amount of information as I will be a first time traveler to Bali in Sept 2015. Thanks Clare for sharing such valuable information.

This has some really great information that is up-to-date & helpful. It does talk a lot about 'schoolies' and helping them be prepared, but is also relevant to other travelers to Bali as well.

i found this book to be very helpful ive been going to bali for a fair few years now and this book has opened my eyes to things id never thought of or knew about.

Very helpful, lots of great information. Excellent on hand reference. Covers most areas with plenty of important contact numbers too.
